The Ogoni crisis which reached its peak in Nigeria in the 1990s divided all the major stakeholders namely the Nigerian state the multinational petroleum concerns the Ogoni community and the rest of the Nigerian populace in the conflict There were also undoubtedly other important ramifications within the Ogoni community such as divisions along the lines of those who were pro government and those who upheld an opposing stance These divisions run deep and define the more subtle contours of the conflict amongst the Ogoni people who were once led by their indomitable leader Ken Saro Wiwa until he was hanged by the General Sani Abacha regime in 1995 Ken Saro Wiwa s struggle exemplified certain core values and tenets including democracy minority rights environmental awareness non violence and respect for human dignity However as he lived and worked in an antithetical political context governed by veniality despotism and philistinism he was brutally cut down This study provides an in depth analysis of the Ogoni crisis and its unfolding aftermath **Democracy and Democratization in Africa** Udogu,2021-11-01

The 9 contributors to this volume are Africanists whose comprehension of the political vernacular of Africa helped to sharpen their analyses of a continent on the eve of a new millennium and in the aftermath of the Cold War The debate over the most relevant political models for African countries has till recently been conducted against a backdrop of the competing claims of socialism and capitalism Attempts to consolidate democracy and constitutional have taken place in the shadow of intractable economic problems prompting the question of whether democracy can survive in Africa without economic prosperity The papers published here address many of these problems as well as dealing with the questions of ethnicity leadership the power of the military and prodemocracy movements within African nation states **Zones of Conflict in Africa** George Klay Kieh Jr.,Ida Rousseau Mukenge,2002-03-30

Torn by ongoing civil and military violence Africa presents a challenge to scholars interested in the root causes of conflict Each conflict is unique but overall they exhibit common patterns The contributors of this book employ an eclectic array of current explanations of civil strife and how to resolve it The first half of the book provides the relevant theoretical background Theories of conflict and conflict resolution the larger context of African strife in Africa and patterns and trends of conflict are

discussed Shifting from the general to the particular the remaining chapters of this volume gauge the accuracy and usefulness of the current thinking on conflicts by grounding it in case studies drawn from the Great Lakes Region Liberia Nigeria and Zambia *Prudence, Transparency and Accountability* Kabiru Isa Dandago, Adamu Idris Tanko, 2004
