Wilson, Jacob D. Lindy, 2013-08-15 In Trauma Culture and Metaphor John Wilson and Jacob Lindy explore the language of both individual and collective trauma in an era dominated by globalization and interconnectedness Through lucid careful discussion this important book builds a bridge between the etymology of trauma related terms commonly used in Western cultures and those of other cultures such as the Burundi Rwandan *ihahamuka* It also provides the clinician with a framework for working with trauma survivors using a cross cultural vocabulary one often based in metaphor to fully address the experienced trauma and to begin work on reconnection and self reinvention *Vicarious Trauma and Disaster Mental Health* Gertie Quitangon, Mark R. Evces, 2015-02-11 Vicarious Trauma and Disaster Mental Health focuses on the clinician and the impact of working with

disaster survivors Floods hurricanes tornadoes mass shootings terrorism and other large scale catastrophic events have increased in the last decade and disaster resilience has become a national imperative This book explores vicarious traumatization in mental health providers who respond to massive disasters by choice or by circumstance What happens when clinicians share the trauma and vulnerability from the toll taken by a disaster with the victims they care for How can clinicians increase resilience from disaster exposure and provide mental health services effectively Vicarious Trauma and Disaster Mental Health offers insight and analysis of the research and theory behind vicarious trauma and compares and contrasts with other work impact concepts such as burnout compassion fatigue and secondary traumatic stress It proposes practical evidence informed personal strategies and organizational approaches that address five cognitive schemas safety esteem trust control and intimacy disrupted in vicarious trauma With an emphasis on the psychological health and safety of mental health providers in the post disaster workplace this book represents a shift in perspective and provides a framework for the promotion of worker resilience in the standard of practice in disaster management

Treating Complex Trauma

Mary Jo Barrett,Linda Stone Fish,2014-05-30 In Treating Complex Trauma renowned clinicians Mary Jo Barrett and Linda Stone Fish present the Collaborative Change Model CCM a clinically evaluated model that facilitates client and practitioner collaboration and provides invaluable tools for clients struggling with the impact and effects of complex trauma A practical guide Treating Complex Trauma organizes clinical theory outcome research and decades of experiential wisdom into a manageable blueprint for treatment With an emphasis on relationships the model helps clients move from survival mindstates to engaged mindstates and as a sequential and organized model the CCM can be used by helping professionals in a wide array of disciplines and settings Utilization of the CCM in collaboration with clients and other trauma informed practitioners helps prevent the re traumatization of clients and the compassion fatigue of the practitioner so that they can work together to build a hopeful and meaningful vision of the future

When the Past Is Always Present Ronald A. Ruden, 2011-01-19 When the Past Is Always Present Emotional Traumatization Causes and Cures introduces several new ideas about trauma and trauma treatment The first of these is that another way to treat disorders arising from the mind brain may be to use the senses This idea which is at the core of psychosensory therapy forms what the author considers the third pillar of trauma treatment the first and second pillars being psychotherapy and psychopharmacology Psychosensory therapy postulates that sensory input for example touch creates extrasensory activity that alters brain function and the way we respond to stimuli The second idea presented in this book is that traumatization is encoded in the amygdala only under special circumstances Thus by understanding what makes an individual resistant to traumatization we can offer a way of preventing it The third idea is that traumatization occurs because we cannot find a haven during the event This is the cornerstone of havening the particular form of psychosensory therapy described in the book Using evolutionary biological principles and recently published neuroscientific studies this book outlines in detail how havening touch de links the emotional experience from a trauma essentially making it just an ordinary memory Once done the event no longer causes distress

Healing War Trauma Raymond M. Scurfield, Katherine Theresa Platoni, 2013 Healing War Trauma details a broad range of exciting approaches for healing from the trauma of war The techniques described in each chapter are designed to complement and supplement cognitive behavioral treatment protocols and ultimately to help clinicians transcend the limits of those protocols For those veterans who do not respond productively to or who have simply little interest in office based regimented and symptom focused treatments the innovative approaches laid out in Healing War Trauma will inspire and inform both clinicians and veterans as they chart new paths to healing

Forced Out Bernd Reiter, Kenneth Root, Rosemarie J. Park, 2009 Do societal inequalities limit the effectiveness of democratic regimes And if so why And how Addressing this question Bernd Reiter focuses on the role of societal dynamics in undermining democracy in Brazil Reiter explores the ways in which race class and gender in Brazil structure a society that is deeply divided between the included and the excluded and where much of the population falls into the latter category Tracing the mechanisms of the profound cultural resistance to genuine democratization that he finds dominant among the elite his theoretically and empirically rich analysis offers an alternative way of understanding both the nature of Brazilian democracy and the democratization process throughout Latin America
