Designed to be used in courses that examine relevant pro and con disputes about schools and schooling By exploring the major opposing viewpoints on the issues this text encourages education students to think critically and develop their own viewpoints It includes research and scholarship discussion suggestions and bibliographic references **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 *Critical Issues in Education* Jack L. Nelson, Stuart B. Palonsky, Mary Rose McCarthy, 2017-07-27 Few subjects engender more strongly held beliefs and contrary views than education The outcomes of debates over education and educational reform impact all citizens Media coverage of these controversies is sometimes shallow and one sided fostering the need to develop critical thinking skills These skills in turn open opportunities for personal growth joining the public debate and helping others participate in critical discussions The authors of *Critical Issues in Education* present two opposing positions for each of sixteen different hot button issues including multiculturalism school finance charter schools teacher evaluation cyberbullying and gender equity Prospective teachers will find the authors approach eye opening and stimulating Ideally they will teach these valuable skills to their students who will prosper academically and personally from understanding and considering diverse viewpoints *Critical Issues in Education: Dialogues and Dialectics* Jack Nelson, Stuart Palonsky, Mary Rose McCarthy, 2006-08-04 *Critical Issues in Education* is designed to be used in courses that examine current relevant pro and con disputes about schools and schooling By exploring the major opposing viewpoints on these issues the text encourages education students to think critically and develop their own viewpoints The clear writing and dramatic dialectic approach are conducive to dynamic classroom discussions that help students grasp the many sides of these complex issues Three integrating themes provide a solid framework for examining the eighteen topics covered Each part begins with a chapter length introduction that provides background material and organizing themes for the issues that follow Each issue is then presented from two divergent viewpoints each one written in advocate language to be as compelling as possible The book's objective in addition to informing the reader about the issues is to develop critical thinking skills within the context of education *Critical Issues in Education* Jack L. Nelson, Kenneth Carlson, Stuart B. Palonsky, 1993 Comprehensive coverage is offered in this work of 17 of the most hotly debated issues in education today Each chapter presents two alternative positions on a particular issue and end of chapter discussion questions aid in the critical thinking process
