Critical Response To Thomas Carlyles Major Works:

The Critical Response to Thomas Carlyle's Major Works D. J. Trela, Rodger L. Tarr, 1997-03-30 Born in 1795 Thomas Carlyle was a preeminent figure in Victorian letters Carlyle was widely reviewed discussed praised and criticized during his lifetime because of his controversial ideas as well as his masterful biographies histories and extended essays all forms deemed more canonical in the nineteenth century Although opinion about him and assessments of his work have fluctuated greatly in the years since his death in 1881 interest in his writings has seldom waned This volume presents some of the most inaccessible and some of the best critical opinion dealing with four of Carlyle's major works that are arguably most representative of his thought These include Sartor Resartus 1833-34 The French Revolution 1837 On Heroes Hero Worship and the Heroic in History 1841 and Past and Present 1843 Through reviews and essays this reference work summarizes the critical reception of Carlyle's writings from their initial appearance to the present day Born in 1795 Thomas Carlyle was one of the preeminent figures of Victorian letters Carlyle was widely reviewed discussed praised and criticized during his lifetime primarily because of his masterful biographies histories and extended essays all forms deemed more canonical in the nineteenth century His Sartor Resartus 1833-34 anticipated the spiritual crisis of the Victorian period engaged the ideas of German philosophers and was influential in shaping American Transcendentalism and the works of such authors as Emerson and Thoreau Carlyle's historical writings were consistently praised for their vigorous style their vividness and their accuracy Although opinion about him and assessments of his work have fluctuated greatly in the years since his death in 1881 interest in his writings has seldom waned This volume presents some of the most inaccessible and some of the best critical opinion dealing with four of Carlyle's major works that are arguably most representative of his thought These include Sartor Resartus 1833-34 The French Revolution 1837 On Heroes Hero Worship and the Heroic in History 1841 and Past and Present 1843 Through reviews and essays this reference work summarizes the critical response to Carlyle's writings from their initial appearance to the present day The volume emphasizes early reviews while the selections of critical articles from the nineteenth and twentieth centuries reflect mature assessments of Carlyle and include pieces that are not well known or easily accessible The volume begins with an introductory essay that discusses Carlyle's response to his reviewers and it closes with a bibliography of major studies

The Carlyle Encyclopedia Mark Cumming, 2004 The Carlyle Encyclopedia focuses primarily on Thomas Carlyle It reflects the range of his interests and resists stereotyped impression of who he was and what he believed It covers Carlyle's entire life without privileging any particular work or period and locates Carlyle in his time and place in the context of a rich and challenging age The Carlyle Encyclopedia also gives a balanced assessment of Jane Welsh Carlyle which avoids either belittling her or overestimating her achievement It avoids the reductive and contradictory stereotypes of her which were offered by early biographers of Thomas Carlyle and offers instead a study of her varied friendships and her trenchant observations on contemporary life The Carlyle Encyclopedia will interest a variety of

readers who concern themselves with literature social history the history of ideas Victorian culture and Scottish studies

BOOK JACKET *The French Revolution* Thomas Carlyle, 2019-01-24 It is I think the most radical Book that has been written in these late centuries and will give pleasure and displeasure one may expect to almost all classes of persons Carlyle Thomas Carlyle s history of the French Revolution opens with the death of Louis XV in 1774 and ends with Napoleon suppressing the insurrection of the 13th Vend maire Both in Its form and content the work was intended as a revolt against history writing itself with Carlyle exploding the eighteenth century conventions of dignified gentlemanly discourse Immersing himself in his French sources with unprecedented imaginative and intellectual engagement he recreates the upheaval in a language that evokes the chaotic atmosphere of the events In the French Revolution Carlyle achieves the most vivid historical reconstruction of the crisis of his or any other age This new edition offers an authoritative text a comprehensive record of Carlyle s French English and German sources a select bibliography of editions related writings and critical studies chronologies of both Thomas Carlyle and the French Revolution and a new and full index In addition Carlyle s work is placed in the context of both British and European history and writing and linked to a variety of major figures including Edward Gibbon Friedrich Nietzsche George Eliot John Stuart Mill Hegel and R G Collingwood Romantic Victorians R. Cronin, 2001-11-13 Covering a wide range of authors among them Carlyle Tennyson Browning Clare Mary Shelley and Disraeli Cronin brings light and order to one of the murkiest quarters in recent British literary history Brimming with intelligent and original perceptions about authors of works that have fallen through literary historical cracks *Romantic Victorians* offers shrewd assessments of their formal and tactical designs **Biography: An Historiography** Melanie Nolan, 2023-04-03 *Biography An Historiography* examines how Western historians have used biography from the nineteenth century to the present considering the problems and challenges that historians have faced in their biographical practice systematically This volume analyses the strategies and methods that historians have used in response to seven major issues identified over time to do with evidence including but not limited to the problem of causation the problem of fact and fiction the problem of other minds the problem of significance or representativeness the problems of perspective both macro and micro and the problem of subjectivity and relative truth This volume will be essential for both postgraduates and historians studying biography Handbook of British Romanticism Ralf Haekel, 2017-09-11 The *Handbook of British Romanticism* is a state of the art investigation of Romantic literature and theory a field that probably changed more quickly and more fundamentally than any other traditional era in literary studies Since the early 1980s Romantic studies has widened its scope significantly The canon has been expanded hitherto ignored genres have been investigated and new topics of research explored After these profound changes intensified by the general crisis of literary theory since the turn of the millennium traditional concepts such as subjectivity imagination and the creative genius have lost their status as paradigms defining Romanticism The handbook will feature discussions of key concepts such as history class gender science and the use of

media as well as a thorough account of the most central literary genres around the turn of the 19th century The focus of the book however will lie on a discussion of key literary texts in the light of the most recent theoretical developments Thus the Handbook of British Romanticism will provide students with an introduction to Romantic literature in general and literary scholars with a discussion of innovative and groundbreaking theoretical developments

Book History Ezra Greenspan, Jonathan Rose, 2001-01-08 Book History is the annual journal of the Society for the History of Authorship Reading and Publishing Inc SHARP Book History is devoted to every aspect of the history of the book broadly defined as the history of the creation dissemination and the reception of script and print Book History publishes research on the social economic and cultural history of authorship editing printing the book arts publishing the book trade periodicals newspapers ephemera copyright censorship literary agents libraries literary criticism canon formation literacy literacy education reading habits and reader response
