Thomas Wolfe, the Critical Reception Paschal Reeves, 1974 **The Critical Response to William Styron** Daniel William Ross, 1995-12-30 William Styron has enjoyed a resurgence of popularity with the publication of *Darkness Visible* 1990 his account of his struggle with near suicidal depression His works are known for discussing psychological conflicts within families religious doubt existentialism racial tension and the role of history in fiction Often compared with William Faulkner Styron has emerged as one of the most important figures in contemporary American literature and is best known for his continuation of the Southern gothic tradition Through original essays reprints of previously published criticism and excerpts from reviews this volume traces the critical reception of Styron's writings over the last 40 years All of Styron's novels are covered but the majority of the selections focus on his three most important works *Lie Down in Darkness* *The Confessions of Nat Turner* and *Sophie's Choice* The pieces reflect a variety of critical perspectives and the introduction overviews significant trends and omissions in Styron criticism A bibliography lists Styron's writings along with critical studies of his work *The Critical Response to Erskine Caldwell* Robert McDonald, 1997-08-26 Author of such classics of 20th century popular American literature as *Tobacco Road* 1932 and *God's Little Acre* 1933 Erskine Caldwell was something of a celebrity nearly all his life But he was also a serious writer one whose merits are as considerable as they remain underexplored In the 1930s he startled the literary world with his frank portrayals of the poor whites of the South Beginning in the early 1940s critics grew suspicious that he had exhausted his originality and his talent In the late 1960s some scholars began an effort which continues intermittently today to reconsider Caldwell's achievement This collection of reviews critical essays and book excerpts provides a chronological portrait of the often contradictory and unfailingly colorful critical response to Caldwell from 1931 to the present The 57 pieces collected in this volume were chosen to represent all sides and perspectives in the evolving critical opinion of Caldwell's work The items are grouped in sections representing three chronological periods that encompass the prevailing critical moods concerning his writings the 1930s when readers of many persuasions found him promising and held out great hopes for his development 1940 to 1968 when increasing critical scrutiny led to his dismissal as a writer of significance and 1969 to the present when there have been several substantial efforts to reconsider Caldwell's achievement An introductory essay argues that Caldwell remains largely absent from our critical consciousness today because of a prevailing willingness among academics to rely on largely negative received opinions about his books in place of primary experience with them The introduction is followed by a chronology and the volume concludes with an extensive selected bibliography *The Critical Response to John Irving* Todd F. Davis, Kenneth Womack, 2004-07-30 Surveys the nature of John Irving's remarkable popular and critical success as a novelist from the late 1960s through the present
