Criticism and Dissent in the Middle Ages Rita Copeland, 1996-06-06 What were the boundaries between official and subversive orthodox and dissenting critical practices in the Middle Ages Placing medieval critical and intellectual discourses within their cultural and ideological frameworks Criticism and Dissent in the Middle Ages examines conflicts of gender violence academic freedom hermeneutical authority sacramentalism and heresy among so called official as well as dissenting critical orders Pedagogies theories of grammar and rhetoric poetics and hermeneutics academic sciences clerical professionalism literacy visual images theology and textual cultures of heresy are all considered This 1996 collection of essays by major scholars examines medieval critical discourse theories of textuality and interpretation and representations of learning and knowledge as contesting and contested institutional practices within and between Latin and vernacular cultures

Documentary Culture and the Making of Medieval English Literature Emily Steiner, 2003-05-29 Emily Steiner describes the rich intersections between legal documents and English literature in the fourteenth and fifteenth centuries She argues that documentary culture including charters testaments patents and seals enabled writers to think in new ways about the conditions of textual production in late medieval England

At Play in the Tavern Andrew Cowell, 1999 A lively study of the tavern in medieval life and thought

Middle English Paul Strohm, 2007-04-19 These original essays mean to provoke rather than reassure to challenge rather than codify Instead of summarizing existing knowledge after the fashion of the now ubiquitous literary companions these essays aim at opening fresh discussion instead of emphasizing settled consensus they direct their readers to areas of enlivened and unresolved debate Although major authors such as Chaucer and Langland are richly represented many little known and neglected texts are considered as well Analysis is devoted not only to self sufficient works but to the general conditions of textual production and reception Contributors to this collection include some recognized and admired names but also a good many newer faces younger scholars whose groundbreaking research is just coming into full view and whose perspectives will influence the terms of literary discussion in the decades to come Encouraged to speculate they have addressed topics that unsettle previous categories of investigation Each is oriented toward the emergent the unfinalized the yet to be done Each essay stirs new questions and concludes with suggestions for further reading and investigation that will allow readers to extend their own research into the questions it has raised

Dissent and Reform in the Early Middle Ages Jeffrey Burton Russell, 2023-04-28 Dissent and Reform in the Early Middle Ages explores the complex relationship between orthodoxy and heresy focusing on the ways in which dissent shaped the religious and intellectual landscape of medieval Europe The book examines key moments in the early Middle Ages such as the trial and execution of Ramihrd in 1077 to demonstrate the brutal repression faced by those who deviated from accepted Catholic teachings By tracing the motivations behind dissent whether rooted in reform moral critique or intellectual independence the author sheds light on how both heretics and the Church

viewed the tensions between right belief and right conduct Dissenters despite often facing violent repression were frequently driven by a deep moral or spiritual commitment challenging the orthodoxy that sought to maintain control over religious thought and practice This study offers a historical perspective on how dissent was not only an opposition to Church authority but also an integral part of the medieval intellectual and social fabric The book also delves into the different types of dissent that emerged during this period such as Reformists Eccentrics and Catharists each of whom presented alternative theological or moral viewpoints that threatened the Church's established doctrines The term heretic is interrogated within the historical and political context of the time as dissent was often seen as a moral or social threat rather than purely a theological deviation By identifying the various movements of dissent and reform the study connects these figures and their beliefs to broader changes in medieval thought and society highlighting the ways in which nonconformity both challenged and contributed to the development of Christian doctrine Through this lens the book examines the intersection of faith power and intellectual inquiry in shaping medieval Christianity offering insight into the pivotal role that dissent played in the evolution of Western religious and cultural history This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1965

Heresy and the Persecuting Society in the Middle Ages Michael Frassetto, 2006-04-01 This volume examines the influence of R I Moore and the nature of heresy and its repression in the Middle Ages The volume considers the vexing question of the origins of medieval heresy and the possible influence of Bogomil missionaries Geographic areas not usually examined for the growth of heresy are examined and a new understanding of the violence of the Albigensian Crusade is offered The blurred boundary between heresy and orthodoxy and the nature of heresy and popular religion are also discussed The final chapters consider the formation of the persecuting society and Moore's reflection on scholarship of the late 20th century The volume offers new insights into the nature of heresy and society in the Middle Ages Contributors include Malcolm Barber Daniel F Callahan Michael Frassetto James Given Bernard Hamilton Carol Lansing Laurence W Marvin R I Moore Mark Pegg Edward Peters Arthur Siegel Susan Taylor Snyder and Claire Taylor
