Criticism in America Irving Babbitt, 1973 **Liberal Cosmopolitan** Qian Suoqiao, 2011 This book is a cross cultural critique on the problem of the liberal cosmopolitan in modern Chinese intellectuality in light of Lin Yutang s literary and cultural practices across China and America It points to the desirability of a middling Chinese modernity **The United States Catalog** Mary Burnham, Carol Hurd, 1928 Criticism in America, 1969 **The Poetics of Sovereignty in American Literature, 1885-1910** Andrew Hebard, 2013 The book examines trends in American literature and sheds new light on the legal history of race relations during the Progressive Era *The Criticism and Reviewing of Brooks Atkinson* Jerry McNeely, 1956 *Some Trends in the Teaching of Literature Since 1900* John Rexford Searles, 1942 *Monthly Bulletin* St. Louis Public Library, 1924 Teachers bulletin vol 4 issued as part of v 23 no 9 *The American Commonwealth: The party system. with the decentering of the linguistic sign and the fragmentation of narrative in order to work through the anxieties of white male subjects in their encounter with racial otherness. It also charts Pynchon's attention to non-white and non-Euro American voices and cultural forms which imply an awareness of and interest in processes of transculturation occurring both within U.S. borders and between the U.S. and the Third World. In these ways his novels attempt to acknowledge the implicit racism in many elements of white American culture and to grapple with the psychological and sociopolitical effects of that racism on both white and black Americans. The argument of *Everybody's America* however also considers the limits of Pynchon's implicit commitment to hybridity as a social ideal identifying attitudes expressed in his work that suggest a residual attraction to the mainstream liberalism of the fifties and early sixties. Pynchon's fiction dramatizes the conflict between the discourses and values of such liberalism and those of an emergent multiculturalist ethos that names and valorizes social difference and hybridity. In identifying the competition between residual liberalism and an emergent multiculturalism *Everybody's America* makes its contribution to the broader understanding of postmodern culture.
