

A stylized illustration for the title 'Shape of Dreams'. The scene is set in a dark, dense forest at night. In the center, a glowing white unicorn with a flowing mane and tail is surrounded by a bright blue and white magical aura. To the left, a figure in a dark, flowing dress with a wide collar and a small hat stands near the unicorn. To the right, a figure in a long, flowing pink dress with a high collar and a small hat stands with their arms outstretched. The background is filled with dark, gnarled tree branches and a bright, glowing yellow light source, possibly a full moon or a fire, creating a dramatic and mysterious atmosphere. The title 'Shape of Dreams' is written in a large, elegant, white serif font, with 'of' in a smaller font size between 'Shape' and 'Dreams'. The text is centered and slightly overlaps the magical aura of the unicorn.

electrical memory into long term chemical memory and our minds try to make sense of all the scraps of image and emotion and impression Some people believe that dreams reveal our innermost desires or our deepest fears We pay analysts a fortune to interpret them Some believe that dreams are visions of the future They've been known to come true Some believe that dreams are messages from someone or somewhere beyond our regular senses Some believe that dreams are glimpses or even visits into other realities the afterlife or worlds that might have been Are dreams real If they exist even only in our minds then how can they not be real So what is a dream Here we present one answer and ten dreams if you will They were at least visions in the minds of the writers Whether they are real is up to you

**Dreams Within Dreams** Allan Sankirtan, 2019-11-10 The setting of this story is an alluring and intoxicating dream landscape Lost and confused Aidan and Effie agree to help each other find their way within a bewildering floral maze that appears to form repetitive patterns They seek help from an old man named Hans but all is not what it seems Hans and his partner Una lead them to confront all they know about themselves the reason and purpose for the life they have chosen together their pledge to help each other and how their lives fit in the big picture of possibilities

They are led to explore a number of dreams and possibilities for the future But is it the future Many believe that time is one dimensional and that the future results from the past But does it Can Aidan and Effie choose to meet in a reality that is not is the reality you and I currently share Read Dreams within Dreams to find out what they explore together as they come to terms with helping each other and their counterparts focused within other realities *The Dream Watcher* Jim Kemp,2020-11 In the year 2042 the first manned mission to Mars was nearing the Red Planet and the world s energy and transport infrastructure had evolved harnessing the power of lightning strikes and embracing new super cell battery technology The skies were no longer littered with aircraft instead hypersonic pods jettisoned passengers and cargo along pipelines on terra firma The future was indeed rich with new solutions to global warming and unlocking renewable energy sources Despite widespread development there was however one invention that stood head and shoulders above the rest Everybody dreamt but not everyone could remember them after waking and even for those who could they would often forget The Dream Watcher symbolised the greatest technological advance in the history of time and became the most sought after piece of equipment This highly sophisticated system could not only interpret people s hallucinations during sleep but could replicate them on screen to be watched after they woke a long running futuristic TV boxset of their own unconscious creations After losing his job at the bank Jared Blake was having real difficulty finding work One day Troy Skeetman eager to help his friend notices an advert for a new tech company looking to recruit a number of participants to assist them with their research into dreams However after auditioning for Dreamex Jared s life would never be the same again transcending him into a world of unimaginable consequences and catapulting him on a journey that would leave him questioning the very fabric of his and everyone else s existence **Dream Machine** Sherry Thompson Chenault,2021-03-28 Nothing is as real as a Dream The world can change around you but your dream will not Responsibilities need not erase it Duties need not obscure it Because the DREAM is within you NO ONE CAN TAKE IT AWAY **Future of the Relationships Affirmation of the Dream What Does Tomorrow Hold?** Victoria Socolova,2016-10-26 The world of our dreams is something more than our reality It is in a dream where we can find ourselves in any point of space and time where we learn secrets of the part essence of the present and possibilities of the future It is only in dreams where we can meet those who are no more with us study options for forthcoming events or make our choice Two states at all times most interesting for dreamers are lucid dreaming and prophetic dreams However no one ever considered them to be two equal types of dreams One state is of interest for scientists and pragmatists the other is for mystics philosophers and esoteric scientists No one has ever thought them to exist on equal basis Oneironauts participating in our project already use both aspects for several decades When dreaming in a changed state of mind every person is able to be an active participant of a lucid dream or a passive one so called information dream usually referred to as prophetic What is important to know is that active dream involves deliberate actions while informative one is a passive contemplation and perception of information flows which does not depend on dreamer s will and

does not imply his corrections The project is unique and all the information you will find in this book is published for the first time One of the major goals of the project is to search dreamers for having joint dreams on the basis of certain setups called dream affirmations For many of you most of this knowledge will mean real opportunity to manage your dreams and effectively use your connection with the unconsciousness and earth informational field as well as find solutions to real problems activate reserves of the organism heal yourself enter dreams of other people and meet those who are far from you in your dreams There will be those of you who will open a new transcendent world with this book a world which can change your life so much that you ll become a completely different person seeing what others cannot see and experiencing new laws of the universe on your own
