Crossbloods Bone Courts Bingo And Other Reports:

Crossbloods Gerald Robert Vizenor,1990-01-01 Discusses the restrictions of reservation life experienced by the Chippewa Indians

Red Matters Arnold Krupat,2010-08-03 Arnold Krupat one of the most original and respected critics working in Native American studies today offers a clear and compelling set of reasons why red Native American culture history and literature should matter to Americans more than it has to date Although there exists a growing body of criticism demonstrating the importance of Native American literature in its own right and in relation to other ethnic and minority literatures Native materials still have not been accorded the full attention they require Krupat argues that it is simply not possible to understand the ethical and intellectual heritage of the West without engaging America's treatment of its indigenous peoples and their extraordinary and resilient responses Criticism of Native literature in its current development Krupat suggests operates from one of three critical perspectives against colonialism that he calls nationalism indigenism and cosmopolitanism Nationalist critics are foremost concerned with tribal sovereignty indigenist critics focus on non Western modes of knowledge and cosmopolitan critics wish to look elsewhere for comparative possibilities Krupat persuasively contends that all three critical perspectives can work in a complementary rather than an oppositional fashion A work marked by theoretical sophistication wide learning and social passion Red Matters is a major contribution to the imperative effort of understanding the indigenous presence on the American continents

Loosening the Seams A. Robert Lee,2000 Native America can look to few more inventive contemporary writers than Gerald Vizenor This work discusses his childhood in the Minneapolis of the Depression and World War II to his becoming a professor of Native American Studies at the University of Berkeley
