Crossing Borders:

Crossing Borders Mimi Sheller, Kevin Hannam, 2018-10-18 Crossing Borders examines how translocal transnational and internal borders of various kinds distribute uneven capabilities for moving dwelling and circulating The contributors offer nuanced understandings of the politics of mobility across various kinds of borders and forms of cultural circulation showing how people experience and practice crossing many different borders Several chapters draw on interviews and ethnographic methods to analyze transnational migration while others focus on material relations and cultural practices Rather than the usual narrative of mobility as a kind of freedom border crossing emerges here as an instrumental practice for building translocal livelihoods a tactic for simply getting by and a material practice potentially generating new forms of future sociality Ultimately these diverse perspectives on crossing borders offer new ways to think about the mobility of political relations and the politics of mobile relations in a world of growing circulation across borders but also flexible forms of re bordering This book was originally published as a special issue of *Mobilities* **Crossing Borders** Torrey

Seland, 2022-09-30 The intention of this biography is on the one hand to describe what happened as Peder Borgen b 1928 grew up and tried to establish himself as a theologian and a New Testament scholar in his Norwegian and Lutheran state church context On the other hand it also describes how his development and life as a student of the New Testament and Philo of Alexandria were influenced by his minority background and the borders he had to cross to achieve his goals Crossing Borders is thus a description of the life and work of a Norwegian Methodist scholar church politician ecumenist and an internationally acclaimed writer on the Gospel of John and Philo of Alexandria Students of both the New Testament and Philo of Alexandria should feel enlightened by this volume of how context may influence both a person and his scholarly achievements

Borders--Confronting History Jerry L. Johnson, 2000 *Crossing Borders* describes author Jerry Johnson's personal struggle to adjust to life in Armenia while he was there as a community development consultant from 1995-1997. More than a diary of events, it offers a simple model for successful intercultural adjustment that readers can apply in a variety of settings. It also provides a fascinating, detailed account of the living conditions in Armenia in the wake of the Soviet Union's collapse, the Nagorno-Karabakh War, and the historical tragedies that shape the Armenian collective consciousness. Furthermore, Johnson uses his personal experiences as a backdrop for a broader discussion of contemporary issues such as the lasting effects of the Cold War, anti-communist propaganda, America's role in the so-called New World Order, and the preparation of American relief and humanitarian aid workers. Accessible to a wide audience, *Crossing Borders* will be of great value to those interested in intercultural adjustment, developing cultural competence, foreign travel, or the aftermath of the cold war.

Crossing Borders Dorothee Schneider, 2011-05-02 Dorothee Schneider relates the story of immigrants' passage from an old society to a new one and American policymakers' debates over admission to the United States and citizenship. Bringing together the histories of Europeans, Asians, and Mexicans, the book opens up a fresh view of immigrant expectations and government responses. *Crossing Borders* S. Erin Denney, 1999 **Crossing Borders** Jin Hui Ong, Kwok B. Chan, Woon Beng Chew, 1995 Examines the issues and problems of Asian transmigration of interest to the international academic community as well as administrators, policy makers, government officials, and officers of non-government organizations.

Crossing Borders Ali Noorani, 2022-03-28 Advance praise from public figures: Jos Andr s Al Franken, Jonathan Blitzer of *The New Yorker*, and Russell Moore of *Christianity Today*. Find the moving stories of American immigrants and their journeys in Ali Noorani's chronicle. In an era when immigration on a global scale defines the fears and aspirations of Americans, *Crossing Borders* presents the complexities of migration through the stories of families fleeing violence and poverty, the government and nongovernmental organizations helping or hindering their progress, and the American communities receiving them. Ali Noorani, who has spent years building bridges between immigrants and their often conservative communities, takes readers on a journey to Honduras, Ciudad Ju rez in Mexico, and Texas, meeting migrants and the organizations and people that help them on both sides of the border. He reports from the inside on why families make the heart-wrenching decision to leave home. Going beyond the polemical partisan debate, Noorani offers sensitive insights and real solutions. *Crossing Borders* will appeal to a broad audience of concerned citizens across the political spectrum: faith communities, policymakers, and immigrants themselves. *People Crossing Borders* Chad C. Haddad, 2010-11 The current state of border protection strategy presents at least three questions: 1. What does the current border protection framework consist of? 2. Is it working? and 3. Are there more effective alternatives to achieve border protection? This report addresses these three questions through two competing models. Contents: 1. Defining the Evolving Challenge 2. Competing Models 3. Advantages and Disadvantages of a Geographically Focused Border Strategy 4. Current Border Protection Framework 5.
