The Cambridge Introduction to Theatre Studies Christopher B. Balme, 2008-09-18 Providing thorough coverage of the methods and tools required in studying historical and contemporary theatre this Introduction examines the complexities of a rapidly changing and dynamic discipline Following a cross cultural perspective the book surveys the ways theatre and performance are studied by looking initially at key elements such as performers spectators and space The central focus is on methodology which is divided into sections covering theatre theory historiography and textual and performance analysis The book covers all the main theatrical genres drama opera and dance providing students with a comparative integrated perspective Designed to guide students through the academic dimension of the discipline the volume emphasizes questions of methodology research techniques and approaches and will therefore be relevant for a wide variety of theatre studies courses Informative textboxes provide background on key topics and suggestions for further reading are included at the end of each chapter

Basic Categories of Fantastic Literature Revisited Joanna Matyjaszczyk, Piotr Spyra, Andrzej Wicher, 2014-11-19 A unique collection of essays on selected aspects of science fiction fantasy and broadly understood fantastic literature unified by a highly theoretical focus this volume offers an overview of the most important theories pertaining to the field of the fantastic such as Tzvetan Todorov's definition of the term itself J R R Tolkien's essay On Fairy Stories and the concept of Gothic space The composition and order of the chapters provide the reader with a systematic overview of major

Metatheater and Modernity Mary Ann Frese Witt, 2013 Metatheater and Modernity Baroque and Neobaroque is the first work to link the study of metatheater with the concepts of baroque and neobaroque Arguing that the onset of European modernity in the early seventeenth century and both the modernist and the postmodernist periods of the twentieth century witnessed a flourishing of the phenomenon of theater that reflects on itself as theater the author reexamines the concepts of metatheater baroque and neobaroque through a pairing and close analysis of seventeenth and twentieth century plays The comparisons include Jean Rotrou's *The True Saint Genesius* with Jean Paul Sartre's *Kean* and Jean Genet's *The Blacks* Pierre Corneille's *L'illusion comique* with Tony Kushner's *The Illusion* Gian Lorenzo Bernini's *The Impresario* with Luigi Pirandello's theater in theater trilogy Shakespeare's *Hamlet* with Pirandello's *Henry IV* and Tom Stoppard's *Rosencrantz and Guildenstern are Dead* Molière's *Impromptu de Versailles* with *Impromptus* by Jean Cocteau Jean Giraudoux and Eugène Ionesco *Metatheater and Modernity* also examines the role of technology in the creating and breaking of illusions in both centuries In contrast to previous work on metatheater it emphasizes the metatheatrical role of comedy

Metatheater the author concludes is both performance and performative it accomplishes a perceptual transformation in its audience both by defending theater and exposing the illusory quality of the world outside **Staging the Spanish Golden Age** Kathleen Jeffs, 2018-04-13 In this volume Kathleen Jeffs draws on first hand experience of the Royal Shakespeare Company's rehearsal room for the 2004-05 Spanish Golden Age season to put forth a collaborative model for translating rehearsing and performing Spanish Golden Age drama Building on the RSC season the volume offers methodologies for translation and communication that can feed the creative processes of actors and directors while maintaining an ethos of fidelity with regards to the original texts It argues that collaboration between academics and theatre practitioners was instrumental in the success of the season and that the work carried out has repercussions for critical debate of Comedia The volume posits a model for future productions of the Comedia in English one that recognizes the need for the languages of the scholar and the theatre artist to be made mutually intelligible by the use of collaborative strategies mediated by a consultant or dramaturg proficient in both tongues This model applies more generally to theatrical collaborations involving a translator writer and director and will be useful for translation and performance processes in any language **The Best Books for Academic Libraries**, 2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers *Journal of Dramatic Theory and Criticism*, 2008 **Theatre** Robert Cohen, 2005 Balanced coverage of theatre appreciation history of performance and the collaborative theatrical crafts Robert Cohen's passion for and knowledge of the theatre puts your students behind the scenes SEVENTH EDITION features current production photos from around the world and includes extensive excerpts from seven plays PROMETHEUS BOUND OEDIPUS TYRANNOS THE YORK CYCLE ROMEO AND JULIET THE BOURGEOIS GENTLEMAN THE THREE SISTERS and HAPPY DAYS **Bowker's Best Reference Books: Author index. Title index**, 2005 Contains approximately 20 000 mostly English language sources for academic libraries of all sizes Performance and Performativity Mehmet Şiray, 2009 Within the wide range of writings on performance studies theoreticians and practitioners have been using the concepts of performance and performativity as key terms for explaining different social philosophical and artistic phenomena The question what are performance and performativity is always already shaped according to what sort of performance is being carried out which performance is taken into consideration which contexts and power knowledge stratum operate in the formation of these concepts Performance and Performativity primarily aims to find a way of grasping the maze of different positions that have become incorporated within the general and often overlapping terms of performance studies and performative theory The book focuses on how the power of discourse to produce what it names is linked with the question of performance and performativity rather than providing a general intellectual background and context for the modern idea of performance and performativity **Staging of Classical Drama Around 2000** Pavlina N. Šipová, Alena Sarkissian, 2007 Classical drama on the modern stage as a cultural and political phenomenon is scholarly trailed since the 1950s and 60s and intensified in the

last third of the twentieth century The evidence is being extensively documented pioneered by Walton 1987 and McDonald 1992 and subsequently developed by collaborative research projects which include published databases It is clear from the work of these projects that performance of classical drama is a major feature in all types of theatre avant garde and experimental student international and fringe epic and classical commercial popular and canonical This means that it is closely intertwined with the politics of locale environment and geography as well as of language translation and culture Each of the essays has a specialised contribution to make However the total impact of the whole section will be even greater than the sum of the parts because the authors not only intersect in their discussions of common concerns in modern performance of ancient drama but also provide case studies that will add to the knowledge base and critical acumen of everyone working in the field

El Ambiente Nuestro David William Foster, 2006 El ambiente nuestro examines in unprecedented depth homoerotic issues in the writing of such authors as John Rechy Michael Nava Francisco Alarcón and Richard Rodríguez David William Foster explores the important body of writing on these issues that began with John Rechy's founding texts of Chicano narrative and continues with more recent works such as Jaime Manrique's Eminent Maricones
