Terminology Abied Alsulaiman,Ahmed Allaithy,Kara Warburton,2019-01-29 The current volume represents a revival of Arabic
translation and terminology studies These disciplines have been dominated by Western scholarship in recent decades but in
truth their historical tradition as a whole owes a great debt to Arabic scholarship The first systematic translation activity ever
organized was under the Abbasids in Baghdad in the 9th Century CE and Arabic domination continued for several centuries
before the tide turned In this collection the importance of the ongoing translation and terminology movement in the Arab
world is revealed through the works of some of the most distinguished scholars who investigate a wide range of relevant
topics from the making of the first ever Arabic monolingual dictionary to modern day localization into Arabic Arabic
terminology standardization as well as legal medical Sufi and Quranic terms issues with both cultural and economic
ramifications for the Arab world are thoroughly examined completing the solid framework of this rich tradition that still has a
