Pollan, Mark Levine, 2000-01-05 At last a single book that really can show how to solve your money problems and end worries about your business and career better yet a book that actually shows you how to turn adversity into success and how to get your own way even in hopeless situations You'll find out how to locate the hidden problems every unspoken one behind every sort of money worry and how to turn no into yes First determine your problem is the loan delayed because the banker doesn't like you or because your income statement doesn't show enough in the asset column Second make sure you're dealing with one problem at a time Don't try to rework your marketing at the same time that you trim your staff Third focus on facts Make sure that your own fears and worries aren't blinding you to the way things really are Fourth become an expert Immerse yourself in your problem assemble all the information you need to understand your needs and wants as well as those of your opposite number Fifth create an environment of trust and if you need to Turn no into yes The first part to Turning No into Yes is quick yet thorough course in Stephen M Pollan's problem solving method from problem identification through tuning no into yes The second part includes literally hundreds of scenarios showing how the method can be applied to a range of issues It's like having a coach strategist and motivator at your beck and call twenty four hours a day *Broke* Dakota
