Die Daniten:

The Biblical Canons Jean-Marie Auwers, H. J. de Jonge, 2003 This volume contains the Proceedings of the 50th Colloquium Biblicum Lovaniense the 40 contributions written in English French and German focus on the canons of the Old and New Testament as well as those of the Bible as a whole The theme is studied from a variety of historical hermeneutical and biblical theological points of view Several contributions discuss the process that resulted in the canonical status of certain writings or groups of writings in particular such as the Book of Psalms Ezekiel the Wisdom of Ben Sira the Pauline corpus Acts and the gospels *Die Daniten* Hermann Michael Niemann, 1985 Jewish Given Names and Family Names Robert Singerman, 2001 Presents over 3 000 bibliographic entries on the history and lore of Jewish family names and given names in all parts of the world from Biblical times to the present day This work replaces the compiler's out of print JEWISH AND HEBREW ONOMASTICS A BIBLIOGRAPHY 1977 **Lehrbuch Der Alttestamentlichen Religionsgeschichte** Rudolf Smend, 1899 *Hebrew Union College Annual* Hebrew Union College, 1928 **Genesis Forty-nine in Its Literary and Historical Context** Raymond De Hoop, 1972 This book deals with the so called Blessing of Jacob Genesis 49 in all its aspects discussing philological literary and historical problems After an introductory chapter a thoroughly discussed translation of Genesis 49 and an analysis of its poetical structure are presented followed by the discussion of the genre definition tribal saying Stammesspruch and a synchronic and diachronic analysis of Genesis 49 in its literary context Gen 47 29 49 33 The remarkable results of this analysis are finally discussed in relation to Israel's history It is suggested that only part of the Blessing functioned within the originally much shorter deathbed account Gen 47 29 49 33 reflecting the historical situation of the time of origin Afterwards it was thoroughly worked up into its present shape to meet the conditions of later political development **DAS BUCH DER SCHOPFUNG SEFER YEZIRAH**, 1894 Judges, Volume 8 Trent C. Butler, 2017-12-12 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation This series emphasizes a thorough analysis of textual linguistic structural and theological evidence The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor the seminary or university student the working minister and everyone concerned with building theological understanding from a solid base of biblical scholarship Overview of Commentary Organization Introduction covers issues pertaining to the whole book including context date authorship composition interpretive issues purpose and theology Each section of the commentary includes Pericope Bibliography a helpful resource containing the most important works that pertain to each particular pericope Translation the author's own translation of the biblical text reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words phrases and tenses yet in reasonably good English Notes the author's notes to the translation that address any textual variants grammatical forms syntactical

constructions basic meanings of words and problems of translation Form Structure Setting a discussion of redaction genre sources and tradition as they concern the origin of the pericope its canonical form and its relation to the biblical and extra biblical contexts in order to illuminate the structure and character of the pericope Rhetorical or compositional features important to understanding the passage are also introduced here Comment verse by verse interpretation of the text and dialogue with other interpreters engaging with current opinion and scholarly research Explanation brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels 1 within the context of the book itself 2 its meaning in the OT or NT 3 its place in the entire canon 4 theological relevance to broader OT or NT issues General Bibliography occurring at the end of each volume this extensive bibliography contains all sources used anywhere in the commentary

Josua und Salomo Christa Schäfer-Lichtenberger, 2014-09-03 Josua und Salomo puts forward the thesis that the literary figure of the successor was created by circles who strongly relied on the book of Deuteronomy In order to construct the ideal of a successor they used the characters of Joshua and Solomon and implemented the results of their theological reflection which were unleashed by the complete destruction of the pre exilic political social and religious organization of the nation The figure of Joshua combines all the traits of their theological conception of an ideal political leader whereas the figure of Solomon demonstrates the dangers which are implied in monarchical succession From the theological perspective of deuteronomism Solomon and Joshua are opposite characters The deuteronomic concepts of God and authority play a central role for the reflection on both characters

Genesis 49 in its Literary and Historical Context R. de Hoop, 2021-11-15 This book deals with the so called Blessing of Jacob Genesis 49 in all its aspects discussing philological literary and historical problems After an introductory chapter a thoroughly discussed translation of Genesis 49 and an analysis of its poetical structure are presented followed by the discussion of the genre definition tribal saying Stammesspruch and a synchronic and diachronic analysis of Genesis 49 in its literary context Gen 47 29 49 33 The remarkable results of this analysis are finally discussed in relation to Israel s history It is suggested that only part of the Blessing functioned within the originally much shorter deathbed account Gen 47 29 49 33 reflecting the historical situation of the time of origin Afterwards it was thoroughly worked up into its present shape to meet the conditions of later political development

Tel Dan in Its Northern Cultic Context Andrew R. Davis, 2013-11-04 This work presents in detail a description of archaeological data from the Iron II temple complex at Tel Dan in northern Israel Davis analyzes the archaeological remains from the ninth and eighth centuries paying close attention to how the temple functioned as sacred space Correlating the archaeological data with biblical depictions of worship especially the textual strata of 1 Kings 18 and the book of Amos Davis argues that the temple was the site of official and family religion and that worship at the temple became increasingly centralized Tel Dan s role in helping reconstruct ancient Israelite religion especially distinctive religious traditions of the northern kingdom is also considered
