Martin Dibelius

Die Formgeschichte Des Evangeliums:

From Tradition to Gospel Martin Dibelius, 2022-01-27 First published in 1919 From Tradition to Gospel introduced and established Form Criticism in New Testament scholarship and it remains the classic description of the field Dibelius outlines the twofold object of Form Criticism firstly to explain the origin of the tradition about Jesus and secondly to uncover with what objective the earliest Churches learnt recounted and passed on the stories and sayings of Jesus which gradually developed into the Gospel narratives In doing so he begins to answer questions as to the nature and trustworthiness of our knowledge of Jesus As new sources come to light and new critical techniques are developed the original investigation into the Gospels along Form Critical lines is as relevant as ever **Die Formgeschichte des Evangeliums** Martin Dibelius, 1919

Zur Formgeschichte des Evangeliums Ferdinand Hahn, 1985 **Die Formgeschichte des Evangeliums** Martin Dibelius, Günther Bornkamm, 1971 Die Formgeschichte des Evangeliums Martin Dibelius, 1969 *Die Formgeschichte des Evangeliums* Martin Dibelius, 1969 *Early Christian Paraenesis in Context* James Starr, Troels Engberg-Pedersen, 2012-02-13 An up to date discussion of early Christian paraenesis in its Graeco Roman and Hellenistic Jewish contexts in the light of one hundred years of scholarship issuing from a research project by Nordic and international scholars The concept of paraenesis is basic to New Testament scholarship but hardly anywhere else How is that to be explained The concept is also notoriously without any agreed upon definition and it is even contested Can it at all be salvaged This volume reassesses the scholarly discussion of paraenesis both the concept and the phenomenon since Paul Wendland and Martin Dibelius and argues for a number of ways in which it may continue to be fruitful **Jesus in Q** Ky-Chun So, 2017-04-06 JESUS IN Q is about the Sabbath and the theology of Jesus There are several books about the Sabbath with regard to the Gospel of Matthew Mark Luke and John but nothing regarding Q This book is designed to address the relation to the Sabbath in Q which makes it remarkable amongst other Sabbath related books with reference to the Synoptic Gospels Considering the rabbinic writers and the early fathers who have used generally in a free way the sayings of Jesus drawn from the Gospels and or oral tradition this book examines the apologists and the extracanonical writers whose writings constitute a well defined literary genre and witness a progressively more bookish use of the sayings of Jesus This book understands the extracanonical documents in early Judaism as a prerequisite for understanding the appearances of Jesus *Story as History - History as Story* Samuel Byrskog, 2022-03-16 Please note that this title is only available to customers in the USA Canada and Mexico NO salesrights for Rest of World Samuel Byrskog employs models from the interdisciplinary field of oral history as presented by Paul Thompson coupled with insights from cultural anthropology in order to examine the interaction between the present and the past as the gospel tradition evolved The ancient Greek and Roman historians with their use of eyewitness testimony as sources to the past and as central elements in interpretive and narrativizing processes of the present serve as the basis for unraveling culture specific patterns of oral history and thus for conceptualizing similar aspects during the

development of the gospel tradition Eyewitness testimonies played a central but varying role in early Christianity They were transmitted in the matrix of discipleship where verbal and behavioral traditions were passed on through acts of mimesis The folkloristic notion of re oralization explains how oral accounts regularly interacted with written texts indicating a vivid and engaged relationship to the past as well as the semantic significance of oral communication and performance Factual truth was essential but inseparable from interpreted truth during the course of investigation transmission and composition The gospel tradition developed through a subtle interaction between the unique historic events of the past and the various circumstances of the present The narrative and historical dimensions of a text cannot be separated because the semantic codes of a text are often located in the culture and not in the text itself The gospels are therefore the synthesis of history and story intertwining the horizons of the past and of the present in their own right *Mighty in Word and Deed* Stephen Hultgren, 2025-05-06 This is a 2 volume study of the Synoptic tradition of the Gospels against the background of the recent discussion about orality narrativity and form criticism It brings together textual criticism of Q and the early oral tradition about Jesus with literary analysis taking narrative as a fundamental vehicle of social memory This first volume sets out the problem and task along an approach and methods of textual study Aufstieg und Niedergang der römischen Welt: Principat 22 v Hildegard Temporini, Wolfgang Haase, 1992 *Bookseller's catalogues* Thornton J. and son, 1883 **The Harvard Theological Review** , 1922 Syllabus for New Testament Study A.
