Everyday Life as Alternative Space in Exile Writing Andrea Hammel, 2008 This book is the first comparative study of the novels written by five German speaking women Anna Gmeyner Selma Kahn Hilde Spiel Martina Wied and Hermynia Zur Mühlen who had to flee National Socialist Central Europe Gmeyner Spiel Wied and Zur Mühlen found refuge in Britain and thus added together with male colleagues such as Stefan Zweig and Robert Neumann an important but rarely investigated new dimension to the British literary landscape The aim of this study is to reassess the women refugee writers narrative strategies and integrate their work within feminist literary studies The author investigates the five writers narrativisation of everyday life used to subvert the dominant discourse and their portrayal of the intersection between class racial and gender oppression She also shows their innovative ways of picturing the gendered tension between the experiences of exile and exile as a modernist metaphor as well as their search for ways to refute the Nationalist Socialist rewriting of history The book situates the novels within the theoretical discussions surrounding exile studies social history and women's writing

Penslar, 1999-01-22 A collection of essays interrogates the nature of Jewish identity in the time between two world wars The history of Jews in interwar Germany and Austria is often viewed either as the culmination of tremendous success in the economic and cultural realms and of individual assimilation and acculturation or as the beginning of the road that led to Auschwitz By contrast this volume demonstrates a re-emerging sense of community within the German speaking Jewish

population of these two countries in the two decades after World War I The fresh research presented here shows that while Jews may have experienced a deepening sense of impending crisis and economic decline a renewal of Jewish communal life took place during these years as new groupings sprang up including organizations for youth for rural Jews and for political groups such as Zionists and Bundists Several chapters consider the impact of economic and political crises on German Jewish family life Together these essays form a complex mosaic of German Jewry on the eve of its demise An excellent collection well written and cogently argued David N Myers *Becoming Austrians* Lisa Silverman, 2012-06-19 The collapse of Austria Hungary in 1918 left all Austrians in a state of political social and economic turmoil but Jews in particular found their lives shaken to the core Although Jews former comfort zone suddenly disappeared the dissolution of the Dual Monarchy also created plenty of room for innovation and change in the realm of culture Jews eagerly took up the challenge to fill this void and they became heavily invested in culture as a way to shape their new but also vexed self understandings By isolating the years between the World Wars and examining formative events in both Vienna and the provinces *Becoming Austrians* Jews and Culture between the World Wars demonstrates that an intensified marking of people places and events as Jewish accompanied the crises occurring in the wake of Austria Hungary s collapse with profound effects on Austria s cultural legacy In some cases the consequences of this marking resulted in grave injustices Philipp Halsmann for example was wrongfully imprisoned for the murder of his father years before he became a world famous photographer And the men who shot and killed writer Hugo Bettauer and philosopher Moritz Schlick received inadequate punishment for their murderous deeds But engagements with the terms of Jewish difference also characterized the creation of culture as shown in Hugo Bettauer s satirical novel *The City without Jews* and its film adaptation other texts by Veza Canetti David Vogel A M Fuchs Vicki Baum and Mela Hartwig and performances at the Salzburg Festival and the Yiddish theater in Vienna By examining the lives works and deeds of a broad range of Austrians Lisa Silverman reveals how the social codings of politics gender and nation received a powerful boost when articulated along the lines of Jewish difference **Gender and Judaism** Tamar Rudavsky, 1995-03 Demonstrates through different essays Jewish Womens movement rides the fine line between tradition and transformation *Austria 1945-1955* Anthony Bushell, 1996 The year 1995 marks two decisive anniversaries in the history of modern Austria 50 years since the ending of the German occupation and 40 years since the signing of the State Treaty and the ending of the Allied occupation This book will focus on the first ten years of post war Austria at a time when this period is under critical and popular scrutiny This is a valuable contribution to our knowledge of the critical first ten years of Austria s postwar history readable well documented and informative There is much food for thought some of it may even cause indigestion in Austria if as one hopes the book finds a wide readership there Forum for Modern Language Studies
