Die Mitte Der Zeit Studien Zur Theologie Des Lukas:

Die Mitte der Zeit Hans Conzelmann, 1993 **Die Mitte der Zeit, Studien zur Theologie des Lukas, von Hans Conzelmann. 2... Auflage** Hans Conzelmann, 1957 **Luke the Historian of Israel's Legacy, Theologian of Israel's 'Christ'** David Paul Moessner, 2016-07-25 David Moessner proposes a new understanding of the relation of Luke's second volume to his Gospel to open up a whole new reading of Luke's foundational contribution to the New Testament For postmodern readers who find Acts a generic outlier dangling tenuously somewhere between the mainland of the evangelists and the Peloponnese of Paul diffused and confused and shunted to the backwaters of the New Testament by these signature corpora Moessner plunges his readers into the hermeneutical atmosphere of Greek narrative poetics and elaboration of multi volume works to inhale the rhetorical swells that animate Luke's first readers in their engagement of his narrative In this collection of twelve of his essays re contextualized and re organized into five major topical movements Moessner showcases multiple Hellenistic texts and rhetorical tropes to spotlight the various signals Luke provides his readers of the multiple ways his Acts will follow all that Jesus began to do and to teach Acts 1:1 and consequently bring coherence to this dominant block of the New Testament that has long been split apart By collapsing the world of Jesus into the words and deeds of his followers Luke re configures the significance of Israel's Christ and the Reign of Israel's God for all peoples and places to create a new account of Gospel Acts discrete and distinctively different than the narrative of the many Luke 1:1 Luke the Historian of Israel's Legacy combines what no analysis of the Lukan writings has previously accomplished integrating seamlessly two generically estranged volumes into one new whole from the intent of the one composer For Luke is the Hellenistic historian and simultaneously biblical theologian who arranges the one plan of God read from the script of the Jewish scriptures parts and whole severally and together as the saving script for the whole world through Israel's suffering and raised up Christ Jesus of Nazareth In the introductions to each major theme of the essays this noted scholar of the Lukan writings offers an epitome of the main features of Luke's theological thought and in a final Conclusions chapter weaves together a comprehensive synthesis of this new reading of the whole *Identity, Ethics, and Ethos in the New Testament* Jan G. van der Watt, 2012-02-13 The book deals with the relation between identity ethics and ethos in the New Testament The focus falls on the way in which the commandments or guidelines presented in the New Testament writings inform the behaviour of the intended recipients The habitual behaviour ethos of the different Christian communities in the New Testament are plotted and linked to their identity Apart from analytical categories like ethos ethics and identity that are clearly defined in the book efforts are also made to broaden the specific analytical categories related to ethical material The way in which for instance narratives proverbial expressions imagery etc inform the reader about the ethical demands or ethos is also explored *Luke the Theologian* François Bovon, 2006 In this completely revised and updated edition François Bovon provides a critical assessment of the last fifty five years of scholarship on Luke Acts The study divides thematically

with individual chapters covering the subjects of history and eschatology the role of the Old Testament Christology the Holy Spirit conversion and the church Each chapter begins with a consideration of the exegetical and theological problems unique to each theme in Luke Acts before providing a detailed survey and critique of contemporary English German French Spanish and Italian New Testament scholarship
