Crisis In Organizations II:

Crisis in Organizations II Laurence Barton, 2001 This volume examines the work in the field of crisis management and provides detailed research and advice on preventing and managing crisis The book includes an analysis of over 1400 disasters and this allows the reader to benefit from the learning curve of those confronted with real crisis **Risk Management, 2 Volume Set** Gerald Mars, David Weir, 2021-03-01 First published in 2000 Risk Management is a two volume set comprised of the most significant and influential articles by the leading authorities in the studies of risk management The volumes includes a full length introduction from the editor an internationally recognized expert and provides an authoritative guide to the selection of essays chosen and to the wider field itself The collections of essays are both international and interdisciplinary in scope and provide an entry point for investigating the myriad of study within the discipline Crisis Management in the New Strategy Landscape William Crandall, John A. Parnell, John E. Spillan, 2010 Crisis management is often viewed as a short term response to a specific event While that is a part of the crisis management process Crisis Management in the New Strategy Landscape takes a long term approach and offers a strategic orientation to crisis management The text follows a four stage crisis management framework Landscape survey anticipating crisis events strategic planning setting up the crisis management team and plan crisis management addressing the crisis when it occurs and organizational learning applying lessons from crisis so they will be prevented or at least mitigated in the future Features Benefits Strategic approach used throughout the text New trends in crisis management Material on business ethics What to do after the crisis Case studies and vignettes at the beginning and end of each chapter *The distribution of wealth ; Problems of labor ; Problems of economic organization ; Taxation ; Index* Frank William Taussig, 1915 **Crisis Management** Ian I. Mitroff, Christine M. Pearson, 1993 Drawing on a survey of Fortune 1 000 companies as well as interviews with over 500 managers with crisis management experience this book gives managers at all levels and in every department the practical hands on tools they need to determine where their organization is vulnerable and where they are prepared who will be affected and what strategies will work best for managing a crisis when it occurs **The Current State of Business Disciplines: Management, II** Shri Bhagwan Dahiya, 2000 *Industrial Management*, 1920 **Crisis Communication** Finn Frandsen, Winni Johansen, 2020-08-24 Finn Frandsen and Winni Johansen have won the 2019 Danish communication prize KOM pris for their world class research in organisational crises crisis management and crisis communication This prize is awarded by The Danish Union of Journalists Dansk Journalistforbund and Kforum <http://mgmt.au.dk/nyheder/nyheder/news/item/artikel/finn-frandsen-and-winni-johansen-win-the-kom-pris-2019> The aim of this handbook is to provide an up to date introduction to the discipline of crisis communication Based on the most recent international research and through a series of levels from the textual to the inter societal level this handbook introduces the reader to the most important concepts models theories and debates within the field of crisis communication Crisis communication is a young

and very vibrant field of research and practice It is therefore crucial that researchers students and practitioners have access to presentations and discussions of the most recent research Like the other handbooks in the HOCS series this handbook contains a general introduction a chapter on the history of crisis communication research a series of thematic chapters on crisis communication research at various levels a chapter perspectives a glossary of key terms and lists of further reading for each chapter with references to publications in English German and French Overview Section I Introducing the field General introduction A brief history of crisis management and crisis communication From organizational practice to academic discipline Reframing the field Public crisis management political crisis management and corporate crisis management Section II Between text and context Image repair theory Situational crisis communication theory Influences provenance evolution and prospects Contingency theory Evolution from a public relations theory to a theory of strategic conflict management Discourse of renewal Understanding the theory s implications for the field of crisis communication Making sense of crisis sensemaking theory Weick s contributions to the study of crisis communication Arenas and voices in organizational crisis communication How far have we come Visual crisis communication Section III Organizational level To minimize or mobilize The trade offs associated with the crisis communication process Internal crisis communication On current and future research Whistleblowing in organizations Employee reactions to negative media coverage Crisis communication and organizational resilience Section IV Interorganizational level Fixing the broken link Communication strategies for supply chain crises Reputational interdependence and spillover Exploring the contextual challenges of spillover crisis response Crisis management consulting An emerging field of study Section V Societal level Crisis and emergency risk communication Past present and future Crisis communication in public organizations Communicating and managing crisis in the world of politics Crisis communication and the political scandal Crisis communication and social media Short history of the evolution of social media in crisis communication Mass media and their symbiotic relationship with crisis Section VI Intersocietal level Should CEOs of multinationals be spokespersons during an overseas product harm crisis Intercultural and multicultural approaches to crisis communication Section VII Critical approaches Ethics in crisis communication Section VIII The future The future of organizational crises crisis management and crisis communication For a detailed table of contents please see here
