Crisis Of Identity:

Identity: Youth and Crisis Erik H. Erikson, 1994-05-17 *Identity Youth and Crisis* collects Erik H Erikson's major essays on topics originating in the concept of the adolescent identity crisis. Identity Erikson writes is an unfathomable as it is all pervasive. It deals with a process that is located both in the core of the individual and in the core of the communal culture. As the culture changes, new kinds of identity questions arise. Erikson comments, for example, on issues of social protest and changing gender roles that were particular to the 1960s. Representing two decades of groundbreaking work, the essays are not so much a systematic formulation of theory as an evolving report that is both clinical and theoretical. The subjects range from creative confusion in two famous lives, the dramatist George Bernard Shaw and the philosopher William James, to the connection between individual struggles and social order. Race and the Wider Identity and the controversial Womanhood and the Inner Space are included in the collection.

Identity Crisis, Identity Christ Is Resurrection Graves, 2011-04-01

Identity Crisis Stephen Frosh, 1991 This book examines the psychological responses of people to the excitements and terrors that characterise the modern world. Beginning with a description of modernist and post modernist accounts of contemporary life, it then moves into detailed discussions of narcissism and psychosis, two states of mind that seem to characterise the crises of self to which the modern world gives rise. With an interweaving of social theory and psychodynamic explanations, this is a sophisticated and compelling text. *Identity Crisis* will be of interest to students in a wide range of disciplines including psychology, sociology, psychoanalysis, politics, and cultural studies.
