Mulcahy, 2024-01-22 Critical literacy research has highlighted the complexities associated with integrating critical literacy theory with classroom practice recognizing the intersection between critical literacy and culturally sustaining pedagogies and the resistance faced by educators as they create spaces for courageous conversations critical engagement with text and progressive text creation Although the complexities of moving from theory to practice are more understood than they previously were how educators navigate the inherent tensions of fostering and sustaining a critical practice is less clear This volume defines educator as a PreK 12 classroom teacher or as a teacher educator whose work is predominantly associated with university based teacher education Their roles and responsibilities are diverse Through an unpacking of the curricula courses programs and professional learning spaces in which educators operate this edited volume seeks to answer these questions How do educators develop a critical practice of their own How do educators navigate areas of resistance How do educators sustain their practice in the face of resistance How do educators address concerns of parents colleagues administrators and stakeholders How do educators link social justice issues to critical literacy critical pedagogy

Critical Literacy in the Classroom Wendy Morgan, 1997 Critical literacy investigates how forms of knowledge and the power they bring are created in language and taken up by those who use texts It asks how language might be put to different more equitable uses and how texts might be recreated in a way that would tell a different story This book is a carefully documented and critically analysed example of the growing emphasis on critical literacy in syllabuses government reports and the like It bridges the gap between academics theorizing and teachers work describes how secondary teachers have planned and implemented critical literacy curricula on a range of topics from Shakespeare to the workplace listens to teachers reflecting on their teaching and analyses classroom talk extrapolates from present practice to a future critical literacy in a digitised hypermedia world Teachers and students of education critical literacy advocates and theorists of literacy and schooling can learn much more from this book which shows how critical literacy teachers and their students are contributing to the ongoing reinvention of English education as critical literacy

Critical Literacy as Resistance Laraine Wallowitz, 2008 Critical Literacy as Resistance is a collaborate effort among secondary and university educators from across the United States that addresses questions such as What does a critical literacy classroom look like What various texts are used What strategies do teachers use to encourage students and teacher candidates to recognize how texts construct power and privilege How do educators inspire activism in and out of the classroom This book documents the experiences of scholars and teachers who have successfully bridged theory and practice by applying critical literacy into their respective content areas The authors spell out the difference between critical thinking and critical literacy then show how to write and implement curriculum that incorporates diverse texts and multiple literacies in all content areas including world language

Critical Literacy and the Aesthetic Ray Misson, Wendy Morgan, 2006 Ray Misson and Wendy Morgan address the role of aesthetics in an age of postmodern criticism showing how critical literacy and the aesthetic are reconcilable in literary theory and practice Why does critical literacy often feel uncomfortable with aesthetic texts like poetry In this provocative book Ray Misson and Wendy Morgan proponents of critical literacy in their home country of Australia develop an understanding of the aesthetic in current poststructuralist

terms and the role that the aesthetic might play in a critical literacy classroom Throughout the book their belief remains strong that poststructuralism provides the best framework we have for understanding texts and their relationship to human society and identity To demonstrate how the conjunction of critical literacy and the aesthetic can transform English classrooms the authors draw examples from various genres media and countries including poetry by Donne Shakespeare Robert Lowell and Les Murray To Kill a Mockingbird an episode of Friends and even one chapter using only the example of Huckleberry Finn The authors reconfigure critical literacy so that it can give proper consideration to the aesthetic which involves paying attention to such things as individual identity human emotion creativity and the value and productivity of texts Acknowledging these things within critical literacy is vital As Misson and Morgan emphasize it is one of the greatest pleasures and responsibilities of being an English teacher that we work critically and creatively with the aesthetic and its rich sense of human possibility
