R. Willison,1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Critical Perspectives on Derek Walcott** Robert D. Hamner,1993 The articles in this collection are representative of the criticism that has followed Walcott s career from the 1940s into the 1990s Ten entries by Walcott himself including one not previously published and two vital interviews are complemented by some 40 incisive essays and reviews ranging from professional assessments to the rare personal observations of Walcott s earliest mentors New Critical Nostalgia Christopher Rovee,2024-01-02 New Critical Nostalgia weighs the future of literary study by reassessing its past It tracks today s impassioned debates about method back to the discipline s early professional era when an unprecedented makeover of American higher education with far reaching social consequences resulted in what we might call our first crisis of academic life Rovee probes literary study s nostalgic attachments to this past by recasting an essential episode in the historiography of English the vigorous rejection of romanticism by American New Critics in the new light of the American university s tectonic growth In the process he demonstrates literary study s profound investment in romanticism and reveals the romantic lyric s special affect nostalgia as having been part of English s professional identity all along New Critical Nostalgia meticulously

shows what is lost in reducing mid century American criticism and the intense quirky and unpredictable writings of central figures such as Cleanth Brooks Josephine Miles and W K Wimsatt to a glib monolith of New Critical anti romanticism In Rovee s historically rich account grounded in analysis of critical texts and enlivened by archival study readers discover John Crowe Ransom s and William Wordsworth s shared existential nostalgia witness the demolition of the immature Percy Shelley in the revolutionary textbook *Understanding Poetry* explore the classroom give and take prompted by the close reading of John Keats consider the strange ambivalence toward Lord Byron on the part of formalist critics and romantic scholars alike and encounter the strikingly contemporary quantitative studies by one of the mid century s preeminent poetry scholars Josephine Miles These complex and enthralling engagements with the romantic lyric introduce the reader to a dynamic intellectual milieu in which professionals with varying methodological commitments from New Critics to computationalists working in radically different academic locales from Nashville and New Haven to Baton Rouge and Berkeley wrangled over what it means to read with nothing less than the future of the discipline at stake

Irony in the Novels of R.K. Narayan and V.S. Naipaul K. N.
