## **Cross Cultural Paul Journeys To Others Journeys To Ourselves:**

**Cross-Cultural Paul** Charles H. Cosgrove, Herold Weiss, K. K. Yeo, 2005-08-16 The apostle Paul was a cross cultural missionary a Hellenistic Jew who sought to be all things to all people in order to win them to the gospel In this provocative book Charles Cosgrove Herold Weiss and K K Yeo bring Paul into conversation with six diverse cultures of today Argentine Uruguayan Anglo American Chinese African American Native American and Russian No other book on the apostle Paul looks at his thought from multiple cultural perspectives in the way that this one does From the introduction outlining the authors cultural backgrounds to the conclusion drawing together what they learn from each other Cross Cultural Paul orients readers to the hermeneutical struggles and rewards of approaching texts cross culturally

**Meditations on the Letters of Paul** Herold Weiss, 2016-07-27 Since the rise of modern biblical scholarship there has not been unanimity as to how to characterize Paul He has been praised for having delivered Christianity from Judaism Lately it has been argued that he remained so thoroughly a Jew that he was not a Christian at all Others think he became a Christian because he had become a totally frustrated Pharisee by his failure to observe the law of Moses Some consider him to have been a male chauvinist with few redeeming qualities Others see in him a messianist with masochistic tendencies Some think he was a conceited authoritarian who had no patience with the views of others For a time it was popular to see him as a mystic who wished to lose himself by being in Christ It has been said that as one concerned with the life of the Spirit he saw reason as the enemy of faith and required his converts to sacrifice the intellect on the altar of submission to authority All these are at least in part reactions against the prevailing picture of him as the one who laid the foundation for the doctrines of righteousness by faith and the God of grace on which the Protestant Reformation was built Dr Herold Weiss Introduction to Meditations on the Letters of Paul With this beginning the reader is invited into a Bible study with Dr Weiss that will not be just an exegetical exercise but will more importantly be a personal journey into the Messiah s gospel that Paul so fervently shared throughout the known world of his time and continues to share in our day Be forewarned that you may find yourself spending more time than you counted on as you truly meditate on the words and the spirit of Paul s letters

**Abraham as a Spiritual Ancestor** Israel Kamudzandu, 2010 Drawing on the ideology of the Augustan era of constructing ancestors this book is about Paul s creative construction of Abraham as a spiritual ancestor of all people who have the faith of Abraham and Sarah The book breaks new academic grounds on the value of ancestors in a 21st century global Christian world

*The Oxford History of Protestant Dissenting Traditions, Volume V* Mark P. Hutchinson, 2018-10-18 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in Britain and Ireland as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and Royal Supremacy but then follows those traditions as they spread beyond Britain and Ireland and also analyses newer traditions that emerged downstream in other parts of the

world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier British and Irish dissent but that have often defined a trajectory of influence independent of ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume V follows the spatial cultural and intellectual changes in dissenting identity and practice in the twentieth century as these once European traditions globalized While in Europe dissent was often against the religious state dissent in a globalizing world could redefine itself against colonialism or other secular and religious monopolies The contributors trace the encounters of dissenting Protestant traditions with modernity and globalization changing imperial politics challenges to biblical denominational and pastoral authority local cultures and languages and some of the century s major themes such as race and gender new technologies and organizational change In so doing they identify a vast array of local and globalizing illustrations which will enliven conversations about the role of religion and in particular Christianity
