Crossing A Cyclists Journey Home:

A Crossing Brian Newhouse,1998-08 Brian Newhouse s journey begins with only three rules no car rides no walking hills and no hangers on But as he cycles deep into America s heart the long hidden terrain of his past begins slowly unfolding

Routledge Companion to Cycling Glen Norcliffe,Una Brogan,Peter Cox,Boyang Gao,Tony Hadland,Sheila Hanlon,Tim Jones,Nicholas Oddy,Luis Vivanco,2022-12-14 Routledge Companion to Cycling presents a comprehensive overview of an artefact that throughout the modern era has been a bellwether indicator of the major social economic and environmental trends that have permeated society The volume synthesizes a rapidly growing body of research on the bicycle its past and present uses its technological evolution its use in diverse geographical settings its aesthetics and its deployment in art and literature From its origins in early modern carriage technology in Germany it has generated what is now a vast multi disciplinary literature encompassing a wide range of issues in countries throughout the world **The Self-Propelled**

Voyager Duncan R. Jamieson,2015-09-03 Before the last quarter of the nineteenth century people who wanted to travel independently either walked or rode horses Then a newly invented machine changed forever the nature of personal transportation The cycle self propelled bicycles tricycles and tandems allowed almost anyone to travel around town around their region and around the world While dramatic developments in equipment clothing road surfaces and amenities make the physicality of cycling much different from the earlier era the experience of cycling has seen little change The Self Propelled Voyager How the Cycle Revolutionized Travel recounts how a transportation innovation opened the world for not only those who made the journey but also for the armchair travelers who read with interest the cyclists accounts of faraway places Following a brief history of the development of the cycle this book describes the exploits of long distance riders who wrote of their experiences their triumphs and their tragedies Duncan R Jamieson chronicles their journeys their personal stories and the times in which they lived revealing that despite the continuing rise and fall of cycling interest people continue to enjoy traveling in the slow lane Drawing on books and articles by the women and men who rode and wrote of their travels The Self Propelled Voyager also features photographs from the 1880s up to the modern day illustrating the development of the cycle through history Accessibly written yet comprehensive in its coverage this book will interest not only the cycling enthusiast but historians focusing on sport and sport tourism as well **Little Journeys to the Homes of the Great** Elbert

Hubbard,1916 *Directions in Sound* WFIU (Radio station : Bloomington, Ind.),2003 *Little Journeys to the Homes of Great Musicians* Elbert Hubbard,1916 Promoting Walking and Cycling Pooley, Colin G,2013-08-21 Promoting walking and cycling proposes solutions to one of the most pressing problems in contemporary British transport planning The need to develop more sustainable urban mobility lies at the heart of energy and environmental policies and has major implications for the planning of cities and for the structure of economy and society However most people feel either unable or unwilling to incorporate travel on foot or by bike into their everyday journeys This book uses innovative quantitative and qualitative

research methods to examine in depth and in an international and historical context why so many people fail to travel in ways that are deemed by most to be desirable It proposes evidence based policy solutions that could increase levels of walking and cycling substantially This book is essential reading for planners and policy makers developing and implementing transport policies at both national and local levels plus researchers and students in the field of mobility transport sustainability and urban planning
