

The Dictionary of the First World War

Description :

The book's comprehensive coverage of total warfare - the battles, commanders, weapons, tactics and strategies - is interwoven with analyses of the sweeping political, social and economic changes imposed on a world order in terminal convulsion. Many books on the subject have largely concentrated on the Western Front, with forays into the Atlantic, Mesopotamia, and Gallipoli. In contrast, The Dictionary of the First World War represents the perspective of a new generation of historians, looking at the War as a pan-European - and indeed global - conflict. Thus the book concentrates equally on the American, French, German, British, Italian, Russian, Turkish and Austro-Hungarian experiences - together with those of the many other participating peoples and nations. In all, there are some 1200 carefully cross-referenced entries, together with a detailed day-by-day chronology and a generous provision of specially commissioned maps.

Dictionary Of The First World War

Dictionary Of The First World War:

Biographical Dictionary of World War I Holger H. Herwig, Neil Heyman, 1982-08-26 Product information not available

The Dictionary of the First World War Stephen Pope, Elizabeth-Anne Wheal, Keith Robbins, Brendan Eddison, 1995 The book's comprehensive coverage of total warfare the battles commanders weapons tactics and strategies is interwoven with analyses of the sweeping political social and economic changes imposed on a world order in terminal convulsion The dictionary of the First World War represents the perspective of a new generation of historians looking at the War as a pan European and indeed global conflict Thus the book concentrates equally on the American French German British Italian Russian Turkish and Austro Hungarian experiences together with those of the many other participating peoples and nations In all there are some 1200 carefully cross referenced entries together with a detailed day by day chronology and a generous provision of specially commissioned maps *Historical Dictionary of World War I Intelligence* Nigel West, 2013-12-24 Known as the Great War the world's first truly global conflict is remarkable in what might now be termed modern espionage World War I was witness to plenty of firsts Apart from the contribution made by aerial reconnaissance and the interception of wireless telegraphy telephone and cable traffic there was the scientific aspect with new machines of war such as the submarine sea mine torpedo airship barbed wire armored tank and mechanized cavalry in a military environment that included mustard gas static trench warfare the indiscriminate bombardment of civilian population centers and air raids Large scale sabotage and propaganda the manipulation of news and of radio broadcasts and censorship were all features of a new method of engaging in combat and some ingenious techniques were developed to exploit the movement of motor and rail transport and the transmission of wireless signals The hitherto unknown disciplines of train watching bridge watching airborne reconnaissance and radio interception would become established as routine collection methods and their impact on the conflict would prove to be profound The *Historical Dictionary of World War I Intelligence* relates this history through a chronology an introductory essay an appendix and an extensive bibliography The dictionary section has over 400 hundred cross referenced entries on intelligence organizations the spies and the major cases and events of World War I This book is an excellent access point for students researchers and anyone wanting to know more about the world of intelligence in World War I *The Macmillan Dictionary of the First World War* Stephen Pope, Elizabeth-Anne Wheal, 1997 Dictionary of the Second World War Elizabeth-Anne Wheal, Stephen Pope, 2003 In *The Dictionary of the Second World War* there are more than 1 600 detailed and analytical entries together with specially commissioned maps which cover every aspect of the war Theatres Eastern and Western Europe North and East Africa Asia the Pacific the Atlantic and the Mediterranean Actions and operations from Barbarossa to Overlord from Midway to Iwo Jima Tactics and strategies from submarines to airborne operations from blitzkrieg to area bombing Weapons from the Supermarine Spitfire to the B 29 Superfortress and from Bismarck to the atomic bomb Armed Forces of all the major combatants from the Red Army to the USAAF Commanders from

Alexander to Zhukov from Kesselring and Kleist to Koga and Kondo Politicos and diplomacy from Tripartite Pact to United Nations from Ribbentrop to Roosevelt from propaganda to Allied Conferences A host of other topics are covered from resistance to women to anti-Semitism from communism to intelligence services to the Final Solution making this an essential companion for anyone with an interest in World War II and the history of the twentieth century Communication and the First World War John Griffiths, 2020-04-06 Despite the voluminous historical literature on the First World War a volume devoted to the theme of communication has yet to appear From the communication of war aims and objectives to the communication of war call up and war experience and knowledge this volume fills the gap in the market including the work of both established and newly emerging scholars working on the First World War across the globe The volume includes chapters that focus on the experience of belligerent and also neutral powers thus providing a genuinely representative dimension to the subject *Historical Dictionary of U.S. Diplomacy from World War I through World War II* Martin Folly, Niall Palmer, 2010-04-01 The period from the outset of World War I to the end of World War II was among the most significant in the history of the United States Twice it was drawn into foreign entanglements wars it initially thought were no concern of its own and of which it tried to steer clear only to realize that it could not stand aside With each one it geared up in record time entered the fray massively and was crucial to the outcome Each war tested the American people and their leaders and in each case the country came out of the conflagration stronger than before and even more important yet stronger relative to other countries than it had ever been This was the period when the United States became a world leader The Historical Dictionary of U S Diplomacy from World War I through World War II relates the events of this crucial period in U S history through a chronology an introductory essay and over 600 cross referenced dictionary entries on key persons places events institutions and organizations **Hutchinson Pocket Dictionary of World War I** Ian V. Hogg, 1994-01-01 A compact sized dictionary of the events of World War I which is part of the Hutchinson Pocket series **Dictionary of the First World War** Stephen Pope, Elizabeth-Anne Wheal, 2003 The book's comprehensive coverage of total warfare the battles commanders weapons tactics and strategies is interwoven with analyses of the sweeping political social and economic changes imposed on a world order in terminal convulsion Many books on the subject have largely concentrated on the Western Front with forays into the Atlantic Mesopotamia and Gallipoli In contrast The Dictionary of the First World War represents the perspective of a new generation of historians looking at the War as a pan European and indeed global conflict Thus the book concentrates equally on the American French German British Italian Russian Turkish and Austro-Hungarian experiences together with those of the many other participating peoples and nations In all there are some 1200 carefully cross referenced entries together with a detailed day by day chronology and a generous provision of specially commissioned maps *"This Ghastly War"* Mary E. Osborne, 2023-09-05 During World War I Dr Mary M Crawford spent nearly a year volunteering at the American Ambulance Hospital in France Among the first American physicians to join the Allied war effort

in 1914 she was the only woman doctor on the hospital staff Her diary and letters presented here with historical context narrate day to day life in a hospital on the Western Front with clinical descriptions of the human toll at the battles of Ypres and Champagne Torn between devotion to family and her commitment to the war effort Crawford reveals her dedication to her patients many of whom were French colonial soldiers *Trench Talk* Peter Doyle, Julian Walker, 2011-11-30 The First World War largely directed the course of the twentieth century Fought on three continents the war saw 14 million killed and 34 million wounded Its impact shaped the world we live in today and the language of the trenches continues to live in the modern consciousness One of the enduring myths of the First World War is that the experience of the trenches was not talked about Yet dozens of words entered or became familiar in the English language as a direct result of the soldiers experiences This book looks at how the experience of the First World War changed the English language adding words that were both in slang and standard military use and modifying the usage and connotations of existing words and phrases Illustrated with material from the authors collections and photographs of the objects of the war the book will look at how the words emerged into everyday language Dictionary of World History Gerald Malcolm David Howat, 1973 *A History of Cant and Slang Dictionaries* Julie Coleman, 2008-10-23 This book continues Julie Coleman s acclaimed history of dictionaries of English slang and cant It describes the increasingly systematic and scholarly way in which such terms were recorded and classified in the UK the USA Australia and elsewhere and the huge growth in the publication of and public appetite for dictionaries glossaries and guides to the distinctive vocabularies of different social groups classes districts regions and nations Dr Coleman describes the origins of words and phrases and explores their history By copious example she shows how they cast light on everyday life across the globe from settlers in Canada and Australia and cockneys in London to gang members in New York and soldiers fighting in the Boer and First World Wars as well as on the operations of the narcotics trade and the entertainment business and the lives of those attending American colleges and British public schools The slang lexicographers were a colourful bunch Those featured in this book include spiritualists aristocrats socialists journalists psychiatrists school boys criminals hobo police officers and a serial bigamist One provided the inspiration for Robert Lewis Stevenson s Long John Silver Another was allegedly killed by a pork pie Julie Coleman s account will interest historians of language crime poverty sexuality and the criminal underworld *Touch and Intimacy in First World War Literature* Santanu Das, 2006-04-06 The First World War ravaged the male body on an unprecedented scale yet fostered moments of physical intimacy and tenderness among the soldiers in the trenches Touch the most elusive and private of the senses became central to war experience War writing is haunted by experiences of physical contact from the muddy realities of the front to the emotional intensity of trench life to the traumatic obsession with the wounded body in nurses memoirs Through extensive archival and historical research analysing previously unknown letters and diaries alongside literary writings by figures such as Owen and Brittain Santanu Das recovers the sensuous world of the First World War trenches and hospitals This original

and evocative study alters our understanding of the period as well as of the body at war and illuminates the perilous intimacy between sense experience emotion and language as we try to make meaning in times of crisis The Macmillan Dictionary of the First World War Stephen Pope, Elizabeth-Anne Wheal, 1995-06-01 Contains 1 200 entries that cover all aspects of history's first global conflict actions from Achi Baba to the Zeebrugge Raid campaigns from the Arab Revolt to Verdun theaters of war from the Baltic to the Balkans from Africa to the Arctic fighters and commanders from Abdullah Ibn Hussein to Sgt York forces from the Romanian Navy to the Royal Flying corps weapons and equip from balloons and bayonets to battlecruisers and Big Bertha tactics and strategies from sub warfare to sniping from the Schlieffen Plan to strategic bombing politics and diplomacy from Wilhelm II to Woodrow Wilson and home fronts from the Armenian massacres to the Amiens Dispatch from women to war socialism 25 maps **Personal Narratives, Peripheral Theatres: Essays on the Great War (1914-18)** Anthony Barker, Maria Eugénia Pereira, Maria Teresa Cortez, Paulo Alexandre Pereira, Otília Martins, 2017-12-14 This book is a collection of essays on neglected aspects of the Great War It begins by asking what exactly was so Great about it before turning to individual studies of various aspects of the war These fall broadly into two categories Firstly personal micro narratives that deal directly with the experience of war often derived from contemporary interest in diaries and oral histories Presenting both a close up view of the viscerality and the tedium and powerlessness of personal situations these same narratives also address the effects of the war on hitherto under regarded groups such as children and animals Secondly the authors look at the impact of the course of the war on theatres often left out in reflections on the main European combatants and therefore not part of the regular iconography of the trenches in places such as Denmark Canada India the Levant Greece and East Africa *A Dictionary of Military Terms (1918)* Edward Samuel Farrow, 2008-06 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work **Turning Points** Richard L. DiNardo, 2020-02-24 This book provides a comprehensive and illuminating study of some of the most crucial campaigns on the Eastern Front during what was perhaps the most momentous year of World War I in that battleground Turning Points The Eastern Front in 1915 offers a well researched and fascinating study of war in a distinct theater of operations and shows how it was impacted by diplomacy coalition warfare command technology and the environment in which it is conducted In contrast to those on the Western Front lines in the east in 1915 moved hundreds of miles Although the work focuses more on the Central Powers significant attention is also given to the Russians The book follows the course of events on the Eastern Front during the critical year of 1915 proceeding chronologically from January 1915 to the end of active operations in October with a brief mention of some action in December In addition to the better known campaigns in the Carpathians and Gorlice Tarn w the work covers lesser known

operations including the Second Battle of the Masurian Lakes the Austro Hungarian Black Yellow offensive into eastern Galicia and the German move into Lithuania Naval action on the Baltic Sea is also covered **Catalogue ...** Montgomery Ward,1929 Popular Song in the First World War John Mullen,2018-09-18 What did popular song mean to people across the world during the First World War For the first time song repertoires and musical industries from countries on both sides in the Great War as well as from neutral countries are analysed in one exciting volume Experts from around the world and with very different approaches bring to life the entertainment of a century ago to show the role it played in the lives of our ancestors The reader will meet the penniless lyricist the theatre chain owner the cross dressing singer fado composer stage Scotsman or rhyming soldier whether they come from Serbia Britain the USA Germany France Portugal or elsewhere in this fascinating exploration of showbiz before the generalization of the gramophone Singing was a vector for patriotic support for the war and sometimes for anti war activism but it was much more than that and expressed and constructed debates anxieties social identities and changes in gender roles This work accompanied by many links to online recordings will allow the reader to glimpse the complex role of popular song in people s lives in a period of total war

Eventually, you will entirely discover a supplementary experience and capability by spending more cash. nevertheless when? do you agree to that you require to get those every needs bearing in mind having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more roughly speaking the globe, experience, some places, once history, amusement, and a lot more?

It is your unconditionally own time to produce an effect reviewing habit. accompanied by guides you could enjoy now is **Dictionary Of The First World War** below.
