Dictionnaire Bilingue De Largot Daujourdhui Bilingual Dictionary Of Todays Slang:

The Beginning Translator's Workbook Michele H. Jones, 2014-03-18 This workbook combines methodology and practice for beginning translators with a solid proficiency in French. It assumes a linguistic approach to the problems of translation and addresses common pitfalls including the delineation of translation units, word polysemy, false cognates, and structural and cultural obstacles to literal translation. The first part of the book focuses on specific strategies used by professionals to counter these problems, including transposition, modulation, equivalence, and adaptation. The second part of the book provides a global application of the techniques taught in the opening sections, guiding the student through step-by-step translations of literary and non-literary excerpts. The revised edition clarifies some of the finer points of the translation techniques introduced in the first edition, provides extra practice exercises, and offers information on a website that can be used in class.

French Moves Felicia M. McCarren, 2013-05-30 This book shows how le hip hop reflects a republic of culture rather than a culture industry, a minority identity politics that takes shape as a movement poetics or figural language, and the public valorization of dance as a technique meriting unemployment compensation and understood as a high-tech knowledge practice.
