War Without Garlands Robert Kershaw, 2020-12-07 In the spring of 1941 having abandoned his plans to invade Great Britain Hitler turned the might of his military forces on to Stalin s Soviet Russia The German army quickly advanced far into Russian territory as the Soviet forces suffered defeat after defeat With brutality and savagery displayed on both sides the Eastern front was a campaign in which no quarter was given Although Hitler s decision to launch Barbarossa was one of the crucial turning points of the war at first the early successes of the German army pointed to the continuing triumph of the Nazi state As time wore on however the Eastern front became a byword for death for the Germans In War Without Garlands Robert Kershaw examines the campaign largely through the eyes of the German forces who were sent to fight and die for Hitler s grandiose plans He draws on German war diaries post combat reports and secret SS files This original material much of which has never before been published in English sheds new light on operation Barbarossa including the extent to which the German soldiers were genuinely surprised at the decision to attack Russia given the well publicised non aggression pact Barbarossa was a brutal ideologically driven campaign which decided the outcome of World War II This seminal account will be required reading for all historians of World War II and all those interested in the course of the war

Stopped at Stalingrad Joel S. A. Hayward, 1998 By the time Hitler declared war on the Soviet Union in 1941 he knew that his military machine was running out of fuel In response he launched Operation Blau a campaign designed to protect Nazi oilfields in Romania while securing new ones in the Caucasus All that stood in the way was Stalingrad

The Black Corps Robert Lewis Koehl, 1983 **The Waffen-SS in Poland, 1939** Massimiliano Afiero, 2025-07-31 Modelers cannot help but have a lot of inspiration for their models vignettes and dioramas from this book The period photographs provide great details for early WWII German Heer units the nascent Waffen SS and the Polish army IPMS USA During the Polish campaign SS combat units were seconded to various formations of the Heer Still considered more parade troops than frontline soldiers they did not prove a decisive factor in the fighting but the campaign was important for their transformation into real fighting units They were criticized for their losses and the

officers were blamed being considered poorly and inadequately trained The SS officers in turn accused Heer commanders for sacrificing SS troops in suicidal missions Himmler became convinced that if his units were used autonomously they could have better demonstrated their full potential leading him to push for the SS to be considered a separate fighting force Fully illustrated this Casemate Illustrated describes the actions of the SS units that fought on the front line in Poland primarily the Leibstandarte Adolf Hitler the SS Verfügungstruppen and the SS Heimwehr Danzig

Der Zusammenbruch der Defensivstrategie des Hitlerfaschismus an allen Fronten Wolfgang Schumann, 1986-12-31 Keine ausführliche Beschreibung für Der Zusammenbruch der Defensivstrategie des Hitlerfaschismus an allen Fronten verfügbar

The Second World War Illustrated Jack Holroyd, 2020-08-31 This second volume begins with the account of Mussolini attempting to mirror Hitler in acts of aggression by thrusting towards Egypt and capturing the important artery of the British Empire the Suez Canal The Italian initiative failed and when its army was driven back with heavy losses Mussolini asked for help and Hitler sent Rommel Beginning in the spring of 1941 Axis forces under a dynamic General Rommel pushed the British back to Egypt In the meantime Mussolini decided on another easy target to spread his new Roman Empire and invaded Greece Once again his superior numbers were repelled and the Greeks sent his army back to its starting point in Albania Hitler came to the aid of his Axis ally and Churchill sent the British to help Greece but in doing so depleted his forces in North Africa During the Battle of Greece Greek and British forces in the north of the country were overwhelmed by a rapid German advance The British embarked for Crete and the Germans promptly captured the island with their much vaunted Fallschirmjäger Matters were disheartening for the British people following these defeats in North Africa and Greece However a morale boost came with the sinking of the Bismarck and the defection of Rudolf Hess Hitler's deputy in an amazing flight to Scotland Then it came in June the German Führer took on his greatest military challenge the invasion of Soviet Russia By the end of the second year of the war the Axis forces were deep into Stalin's territory Britain now had a major ally at last

The Second World War: The German war 1939-1942 Jeremy Black, 2007 World War II defined the 20th century and shaped the contemporary world from the decolonization of Africa to the rise and fall of the Berlin Wall This work offers an overview of this complex and volatile era taking into account the political economic and social factors as well as military circumstances of the road to war and its consequences

Hitler's Luftwaffe Infantry Antonio J Muñoz, 2025-11-25 By spring 1942 Hitler's forces on the Eastern Front were suffering heavy losses To replace these casualties the Army requested the transfer of 20 000 men from the Kriegsmarine and 200 000 airmen from the Luftwaffe to be retrained as infantry Reichsmarschall Hermann Göring head of the Luftwaffe vehemently opposed the plan fearing it would diminish his political power after several Luftwaffe failures He proposed instead that the Luftwaffe raise and equip these 200

000 men arguing their Nazi spirit would benefit the war effort Hitler prioritizing political loyalty over military logic approved the creation of Luftwaffen Felddivisionen Luftwaffe Field Divisions Despite being ill suited for front line combat these divisions were deployed in all theatres except North Africa They were generally ineffective with many regarded as fit only for garrison duties On the Eastern Front they struggled due to the brutal intensity of the fighting However two divisions the 12th and 21st performed relatively well This in depth study examines the Luftwaffe Field Divisions uncovering the tragic consequences of G ring s decision Many Luftwaffe personnel perished in these ill prepared divisions whose lives might have been spared had they received proper Army training The research draws on extensive archival materials highlighting the human cost of this strategic blunder

Rechts, REPs, rechts Kurt Hirsch,Peter B. Heim,1990 *The Waffen-SS (1)* Gordon Williamson,2012-03-20 The military branch of the Nazi SS security organisation grew from only a handful of battalions at the outbreak of war in 1939 to hundreds of thousands of troops in dozens of divisions The battlefield reputation of the premier armoured and mechanised divisions would become second to none lavishly equipped and regarded as utterly reliable they were thrown into many desperate battles on both Western and Eastern fronts often achieving remarkable results Illustrated with rare photographs this first of four Men at Arms titles details the organisation uniforms and insignia of the Waffen SS
