Die Engel Im Glauben Der Orthodoxie:

Astrolabes and Angels, Epigrams and Enigmas David A. King, 2007 On the astrolabe presented by the young German astronomer Regiomontanus to his ageing patron Cardinal Bessarion there is a Latin epigram and the image of an angel The former is a geometrically arranged acrostic with eight hidden vertical axes Of these the two principal ones correspond precisely to the two principal axes of the enigmatic painting The Flagellation of Christ by Piero della Francesca In this are five figures in a flagellation scene on the left and three modern figures on the right including a bearded Greek and an angelic young man in cardinal red Over 40 interpretations of the three moderns have been proposed over the past 150 years In this book David King shows how clusters of letters across the epigram reveal double or multiple identities for each and every one of the eight persons in the painting The only new person in the drama is Regiomontanus whose epigram provided the inspiration for the painting His image embodies three talented young men close to Bessarion who had recently died and also symbolizes the cardinal's hope for the future **Sophia** Lothar Heiser, 1976 **Deutsche Bibliographie**, 1976

einen solchen Anblick nicht oder eine solche Schönheit und wir vermögen es nicht zu beschreiben. Nur das wissen wir: da dort Gott bei den Menschen weilt. Und ihr Gottesdienst ist besser als der aller anderen fremden Länder. Wir aber können jene Schönheit nicht vergessen, denn jeder Mensch, wenn er von Seinem gekostet hat, nimmt danach Bitteres nicht mehr an. So beschrieben die Abgesandten des Großfürsten Vladimir von der Kiever Rus im Jahre 988 den Gottesdienst in der großen Kathedrale der Hagia Sophia in Konstantinopel. Die Wirkung des Gottesdienstes war so stark, dass durch ihn der Großfürst Vladimir zur Annahme des orthodoxen Glaubens veranlasst war. Doch besonders in der heutigen globalisierten Welt fragen sich spätestens seit dem Griechenland- oder Russlandurlaub viele Menschen aus dem westlichen Raum, was das besondere am orthodoxen Glauben ist oder was der orthodoxe Glaube überhaupt bedeutet. Die Verfasserin versucht daher in dieser Arbeit auf folgende Fragen einzugehen: Was bedeutet orthodoxes Christentum und was ist das Besondere das den orthodoxen Glauben und den orthodoxen Gottesdienst ausmacht? In wie weit lassen sich die Ursprünge des orthodoxen Glaubens historisch zurückverfolgen? Die Gewichtung dieser Arbeit liegt jedoch auf dem orthodoxen Gottesdienst, da dieser als wichtige Grundlage des orthodoxen Glaubens verstanden wird. Eine Ausarbeitung weiterer Inhalte zu diesem Thema ist jedoch in dieser Arbeit nicht möglich, da der Rahmen der Arbeit dies nicht zulässt.

In the 1990s alone more than 400 works on angels have been published adding to an already burgeoning genre. Throughout the centuries angels have been featured in among others theological works, on scripture studies, in comparative religions, works on art, architecture and music, philosophical, sociological, anthropological, archeological and psychological works and even a book length psychoanalytical study of the implications that our understanding of angels has for our understanding of sexual differences. Access to the multitude of angelic works is simplified with this bibliography which lists 4 355 works arranged alphabetically by author. Each entry contains a source for the reference, often a Library of Congress call number followed by the name of a university that holds the work. Key words pertaining to the works are included when available and over 750 of the entries are annotated. Extensive indexes to names, subjects and centuries provide further utility.
