Die Blechtrommel:

The Echo of Die Blechtrommel in Europe ,2016-07-11 The Echo of Die Blechtrommel in Europe presents an overview and analysis of the critical reception of Günter Grass's classic novel throughout Europe Starting from the reviews on its first publication in Germany in 1959 it follows the reception of its translations in Poland Italy the UK The Netherlands Belgium France Finland and Sweden Press reviews for the general public form the main object of research in this volume The articles reveal the different roles played by religious political and ideological matters in the reception of the novel in the respective European countries The articles written by specialists from the countries under study also reveal national differences and resemblances in the institutions of literary life in Europe Die Blechtrommel . the Tin Drum G. Grass,1974

Representation, Subversion, and Eugenics in Günter Grass's The Tin Drum Peter O. Arnds,2004 In structure and content Grass's novel connects the persecution of degenerate art to the persecution and extermination of these asocials for whom the persecuted dwarf protagonist Oskar Matzerath becomes a central metaphor and voice This comparative study reveals that through intertextuality with the European fairy tale tradition the picaresque novels of Rabelais and Grimmelshausen and through an array of carnivalesque figures Grass creates an irrational counterculture opposed to the rationalism of Nazi science and its obsession with racial hygiene while simultaneously exposing the continuity of this destructive rationalism in postwar Germany and the absurdity of a Stunde Null that putative tabula rasa of 1945 **BOOK JACKET** **Die**

Blechtrommel Noel L. Thomas,1985 How does the film adaptation of Volker Schlöndorff's "Die Blechtrommel" work?

Evelyn Naudorf,2003-05-27 Essay from the year 2001 in the subject German Studies Comparative Literature grade A University of London Faculty of German Literature course German Narrative Fiction Text and Film language English abstract The key to understanding The Tin Drum lies in understanding the mind of its remarkable first person narrator Oskar Matzerath that brilliantly conceived fictional eyewitness and personification of the Third Reich its prehistory and its aftermath 1 This quote stresses the importance of the narrator in Günter Grass novel In this essay I should like to compare the narrative structure in the novel with the film adaptation As my aim is to find out how the film version works I would like to put forward the proposition that not only the understanding of the narrator's mind is crucial for the understanding of the novel but also the understanding of the narrative structure itself within Die Blechtrommel Therefore I will have a closer look at the novel first and then proceeding to the film in order to examine the changes Volker Schlöndorff made and what effect they may have on the understanding of the film Hans Magnus Enzensberger a famous German poet and critic described Günter Grass novel as a Brocken an dem Rezensenten und Philologen mindestens ein Jahrzehnt lang zu würgen haben bis es sich reif zur Kanonisierung oder zur Aufbewahrung im Schauhaus der Literaturgeschichte ist 2 This prophecy of 1959 came true and it was not until twenty years later that Volker Schlöndorff tried the first film adaptation of this complex work of literature Nevertheless the novel was a tremendous success not only in post war Germany In the following paragraph I will start with

an explanation of the elements which make the novel's narrative structure so complicated and multilayered 1 Keele Alan Frank Understanding Günter Grass page 11 2 Richter Frank Die zerschlagene Wirklichkeit Überlegungen zur Form der Danziger Triologie von Günter Grass page 7

Günter Grass and His Critics Siegfried Mews, 2008 A comprehensive narrative overview and analysis of the criticism of the controversial German author's works When the Swedish Academy announced that Günter Grass had been awarded the 1999 Nobel Prize for Literature it singled out his first novel *The Tin Drum* 1959 English translation 1963 as a seminal work that had signaled the postwar rebirth of German letters auguring a new beginning after decades of linguistic and moral destruction Nearly fifty years after its publication the novel's significance has been generally acknowledged it is the uncontested favorite among Grass's works of fiction on the part of reading public and critics alike yet its canonical status tends to obscure the decidedly mixed and even hostile reactions it initially elicited Along with *The Tin Drum* Grass's impressive body of literary work since the 1950s has spawned a cottage industry of Grass criticism making a reliable guide through the thicket of sometimes contradictory readings a definite desideratum Siegfried Mews fills this lacuna in Grass scholarship by way of a detailed but succinct descriptive as well as analytical and evaluative overview of the scholarship from 1959 to 2005 Grass's politically motivated interventions in public discourse have kept him highly visible blurring the boundaries between politics and aesthetics Mews therefore examines not only academic criticism but also the daily and weekly press and other news media providing additional insight into the reception of Grass's works Siegfried Mews is Professor of German at the University of North Carolina at Chapel Hill

Processes of Transposition Hermann Rasche, 2007 The essays collected in this book focus on the multifaceted relationship between German/Austrian literature and the cinema screen Scholars from Ireland Great Britain Germany Switzerland Luxembourg Portugal USA and Canada present critical readings of a wide range of transpositions of German language texts to film while also considering the impact of cinema on German literature exploring intertextualities as well as intermedialities The forum of discussion thus created encompasses cinematic narratives based on Goethe's *Faust* Kleist's *Marquise of O* Kubrick's film version of Schnitzler's *Dream Story* and Caroline Link's Oscar-winning adaptation of Stefanie Zweig's novel *Nowhere in Africa* The wide-ranging analyses of the complex interaction between literature and film presented here focus on literary works by Anna Seghers Hans Magnus Enzensberger Nicola Rhon Günter Grass Heinrich Böll Elfriede Jelinek Rolf Dieter Brinkmann Erich Hackl Thomas Brussig Sven Regener Frank Goosen and Robert Schneider as well as on adaptations by filmmakers such as Friedrich Wilhelm Murnau Max Mack Josef von Sternberg Max W Kimmich Fred Zinnemann Paul Wegener Alexander Kluge Volker Schlöndorff Hans Jürgen Pohland Hendrik Handloegten Michael Haneke Christoph Stark Karin Brandauer Joseph Vilsmaier Leander Haußmann and Doris Dörrie

The German Picaresque and Modernity Bernhard Malkmus, 2014-03-13 *The German Picaresque and Modernity* reads the re-emergence of the picaresque narrative in twentieth-century German language writing as an expression of modernity and its social imaginaries Malkmus argues that the picaresque whose origins date back to the

Spanish Renaissance and the Baroque Age re emerged as a reflection both of Germany's explosive modernizing processes between 1880 and 1930 and of the most barbarous implosion of modern civilization under National Socialism Another reason for the fertility of this literary form at that particular cultural moment is rooted in the complexities of German Jewish relations and the history of Jewish assimilation in central Europe A considerable number of authors who used the picaresque form in the twentieth century are from a Jewish background and Malkmus demonstrates how the picaresque narrative template also offers a medium for German Jewish self reflection In highlighting these connections he contributes not only to scholarship in European literature but also but also to our understanding of major social economic and political issues at stake in modernity The tin drum (Die Blechtrommel, engl.) Confronting / Defining the Self John A. McCarthy, 2024-07-01 Early 20th century literary critics Joseph Collins Hermann Hesse and Percy Lubbock concluded that the pages of a book present a succession of moments that the reader visualizes and reinterprets They feared that few would actually commit themselves to memory and that most were likely to soon disappear As you turn these pages you will re discover the value of the literary canon through the Self My objective is to examine how the Self is formed lost and regained through creative strategies that confront and define its shapes and distortions on nearly every page of a canonical work You can consider Confronting Defining the Self Formation and Dissolution of the I from La Fayette to Grass as offering an apology for the study of literature and the humanities in an era when technology and commerce dominate our consciousness drive our daily expectations and shape our career goals **Die Blechtrommel.
