Richard Eduard Kammer,1873 “Die” Einheit der Odyssee Eduard Kammer,Karl Lehrs,1873 Bemerkungen zur
Odyssee W. M. Winter,1913 The Making of the Odyssey Martin Litchfield West,2014 The poet of the Odyssey was a
seriously flawed genius He had a wonderfully inventive imagination a gift for pictorial detail and for introducing naturalistic
elements into epic dialogue and a grand architectural plan for the poem He was also a slapdash artist often copying verses
from the Iliad or from himself without close attention to their suitability With various possible ways of telling the story
bubbling up in his mind he creates a narrative marked by constant inconsistency of detail He is a fluent composer who
delights in prolonging his tale with subsidiary episodes yet his deployment of the epic language is often inept and sometimes
simply unintelligible The Making of the Odyssey is a penetrating study of the background composition and artistry of the
Homeric Odyssey Martin West places the poem in its late seventh century context in relation to the Iliad and other poetry of
the time He also investigates the traditions that lie behind it the origins of the figure of Odysseus and folk tales such as those
