McCroden, Thomas E. Nutter, 2019-05-09 A groundbreaking and comprehensive order of battle for German ground troops in WWII from the invasion of Poland to the final defeat in Berlin An indispensable reference work for Second World War scholars and enthusiasts *German Ground Forces of World War II* captures the continuously changing character of Nazi ground forces throughout the conflict For the first time readers can follow the career of every German division corps army and army group as the German armed forces shifted units to and from theaters of war Organized by sections including Theater Commands Army Groups Armies and Corps Commands it presents a detailed analysis of each corresponding order of battle for every German field formation above division This innovative resource also describes the orders of battle of the myriad German and Axis satellite formations assigned to security commands throughout occupied Europe and the combat zones as well as those attached to fortress commands and to the commanders of German occupation forces across Europe An accompanying narrative describes the career of each field formation and includes the background and experience of many of their most famous commanding officers [Hitler's Generals in America](#) Derek R. Mallett, 2013-12-17 The WWII historian offers provocative analysis of the US military's evolving relationship with German officers held on American soil Robert D Billinger Jr author of *Nazi POWs in the Tar Heel State* In *Hitler's Generals in America* Derek R Mallett examines the relationship between American officials and the Wehrmacht general officers they held as prisoners of war in the United States between 1943 and 1946 While the British pampered the German officers in their custody in order to obtain intelligence Americans did not share the same sense of class privilege and refused any special treatment to German prisoners of any rank By the end of the war however the United States had begun to envision itself as a world power rather than one of several allies providing aid during wartime Mallett demonstrates how a growing admiration for the German officers' prowess and military traditions coupled with postwar anxiety about Soviet intentions drove Washington to collaborate with many Wehrmacht general officers Drawing on newly available sources this intriguing book shows how Americans undertook the complex process of reconceptualizing Germans even Nazi generals as

allies against what they perceived as their new enemy the Soviet Union Hitler's Paratroopers in Normandy Gilberto Villahermosa, 2019-08-30 A retired U S Army Master Parachutist strategist and military historian analyzes the actions of one German special forces group during World War II In June 1944 Allied forces fighting desperately to establish a foothold in Normandy and then breakout of the confining bocage found themselves opposed by a bewildering array of formations of the German Wehrmacht Among them were the newly formed German II Parachute Corps This gripping new account examines the exploits of Germany's II Parachute Corps and its commander Eugen Meindl from the Allied invasion on June 6 to the end of August 1944 Meindl was the epitome of the senior German airborne commander in the Second World War Tough experienced and aggressive he cared deeply for his troops His Parachute Corps fought stubbornly for three weeks before being forced to fall back Trapped along with the bulk of the German Seventh Army in the Falaise pocket Meindl and his paratroopers maintained their discipline and were selected by the Commander in Chief of OB West to lead the German breakout to the east That they managed to do so despite suffering grievous losses while so many around them died or surrendered is a testament to their dedication and fighting ability Theirs is a story that deserves to be told **Hell in Hürtgen Forest** Robert S. Rush, 2001 Some of the most brutally intense infantry combat in World War II occurred within Germany's Hurtgen Forest Focusing on the bitterly fought battle between the American 22d Infantry Regiment and elements of the German LXXIV Korps around Grosshau Rush chronicles small unit combat at its most extreme and shows why despite enormous losses the Americans persevered in the Hurtgenwald meat grinder On 16 November 1944 the 22d Infantry entered the Hurtgen Forest as part of the U S Army's drive to cross the Roer River During the next eighteen days the 22d suffered more than 2 800 casualties or about 86 percent of its normal strength of about 3 250 officers and men After three days of fighting the regiment had lost all three battalion commanders After seven days rifle company strengths stood at 50 percent and by battle's end each had suffered nearly 140 percent casualties Despite these horrendous losses the 22d Regiment survived and fought on due in part to army personnel policies that ensured that unit strengths remained high even during extreme combat Previously wounded soldiers returned to their units and new replacements green to battle arrived to follow the remaining battle hardened cadre The German units in the Hurtgenwald suffered the same horrendous attrition with one telling difference German replacement policy detracted from rather than enhanced German combat effectiveness Organizations had high paper strength but low manpower and commanders consolidated decimated units time after time until these ever dwindling bands of soldiers disappeared forever killed wounded captured or surrendered The performance of American and German forces during this harrowing eighteen days of combat was largely a product of their respective backgrounds training and organization Rush's work underscores both the horrors of combat and the resiliency of American organizations While honoring Anatomy of Perjury Richard Raiber, 2008 Careful review of microfilmed German operational records led the author to solve a World War II mystery involving Field Marshall Albert Kesselring and the Italian campaign he

directed Facts about two events in March 1944 the Ardeatine Cave Massacre and the failed GINNY II mission were manipulated Kesselring's 1947 defense was accepted without challenge until 1997 when Dr Raiber found irrefutable evidence that Kesselring had misled the court in order to hide his involvement in the murder of fifteen U S soldiers who had been captured in uniform behind enemy lines Kesselring claimed he was present in his Monte Soratte headquarters north of Rome on 23 March 1944 when he received and passed on Hitler's 10 for 1 retaliatory order against the Via Rasella partisan resulting in the massacre at the Ardeatine Cave A day earlier on the Ligurian coast members of an OSS operational group GINNY II landed north of La Spezia Captured behind German lines these U S soldiers were interrogated and summarily shot on 26 March Thereafter Kesselring ordered the destruction of all records bearing on GINNY II to conceal his presence in La Spezia and his confirmation of the execution order but surviving documents clearly place him there at noon on 24 March

Publisher Hitler's Paratrooper Gilberto Villahermosa,2010-07-30 A valuable study a must read for everybody interested in the topic of German Fallschirmjäger in the Second World War Volker Griesser author of The Lions of Carentan Rudolf Witzig entered the history books as the heroic captor of Belgium's supposedly impregnable fortress Eben Emael in May 1940 the first time that glider borne troops were used in the war To many people he is also known as the commander of the battle group that fired the first shots of the Tunisian campaign Remarkably next to nothing has been written about him as an individual This biography completed with the full support of Witzig's widow and son is a comprehensive history of the man and also provides important new detail on the German parachute arm that he served In the course of his service Witzig was awarded the coveted Knight's Cross of the Iron Cross even though he had not yet earned the Iron Crosses 2nd and 1st class To resolve the problem he was awarded all three on the spot Witzig was involved in Operation Mercury the invasion of Crete but was injured during the fighting After his recovery he was sent to Tunisia where he was credited with several successful defensive actions He ended the war in captivity surrendering to the Allies on May 8 1945 the day after his name was placed on the Honour Roll of the Luftwaffe A gripping biography providing a tough gritty and compelling study of a German soldier Firetrench A unique well written and impeccably researched account of the Third Reich's evolving fortunes as witnessed on numerous battlefronts by a highly decorated Fallschirmjäger officer Mark J Reardon author of Defending Fortress Europe

Kesselring's Last Battle Kerstin von Lingen,2009 Revisits the war crimes trial of Albert Kesselring commander in chief of German troops in Italy during World War II who was sentenced to death for the killing of thousands of civilians in Italy Reveals how the commutation of that death sentence was one of the earliest maneuverings in the nascent Cold War

Inside Hitler's High Command Geoffrey P. Megargee,2000 Challenging previous accounts Megargee shatters the myth that German generals would have prevailed in World War II if only Hitler had not meddled in their affairs Instead he observes that the military's strategic ideas were no better than Hitler's and often were worse 20 photos Deutsche Kriegsauszeichnungen 1939-1945 Rolf Michaelis,2003 **Das Heeresrecht der Oesterreichisch-Ungarischen**
