Die Notwendigkeit Der Namen:

Die Ägyptischen Personennamen, Band I Hermann Ranke, 2023-01-03 **A Systematic Catalogue of the Genus Zygaena Fabricius (Lepidoptera: Zygaenidae) / Ein Systematischer Katalog der Gattung Zygaena Fabricius (Lepidoptera: Zygaenidae)** Hugo Reiss, W. Gerald Tremewan, 2013-12-14 It is forty years since Burgeff published in 1926 the first comprehensive catalogue of the genus Zygaena Fabricius forming part 33 of the Lepidopterorum Catalogus Following the pattern and general layout of Burgeff's work we have attempted to produce a catalogue in which all names in the genus Zygaena are included with references to the literature where these names were originally published Additional references are included when these refer to illustrations of a species subspecies or form or to a taxonomic change e.g. a change in status References to misidentifications are generally omitted unless a new species has been described at a later date In compiling this work we have adhered to the International Code of Zoological Nomenclature as adopted by the XV International Congress of Zoology However although the International Commission on Zoological Nomenclature recognises the necessity of names of lower rank than subspecies they do not at present deal with such names The provisions of the Code do not apply to them and therefore such names have no nomenclatural status Every subspecies is given equal status in the catalogue although their relative value is not always the same Certain authors have very often separated subspecies on minute differences and a subsequent examination of further material taken over a number of years has shown that the differences are not always constant In many cases however we have been unable to verify the status of each subspecies

Die Namen des Vaters Christiane Zimmermann, 2007-06-30 This book brings together studies on the most common designations for God in the New Testament considering their use in ancient Jewish tradition as well as in Greek religion and Roman imperial cult The introductory chapter on the Father is followed by studies on the Lord and different designations expressing sovereignty pantokrator basileus despotes dynastes etc on the Creator the living God and the life giving God as well as on the genuine Christian designation God who has risen Jesus from the dead The two final chapters are on the one and only God and on the highest God This compendium is not only a reference work full of interesting philological and religious historical material but also lays the foundation for future studies on the way in which the different New Testament and other early Christian texts express their views on God Conclusions at the end of each chapter facilitate the reading of the book which aims to sharpen the view on the long neglected importance of God in the scriptures of the New Testament Die Namen des Vaters geben einen Überblick über die häufigsten neutestamentlichen Gottesbezeichnungen unter Berücksichtigung ihrer frühchristlichen Tradition aber auch der zeitgenössischen paganen Sprachkonvention in der griechischen Religion und im römischen Herrscherkult Nach der Behandlung der Vater Bezeichnung folgen die Analyse der Bezeichnungen Gottes als Herr und Herrscher Allherrscher König Despotes Dynastes etc als Schöpfer als lebendiger und lebendigmachender sowie Gott als dem der Jesus von den Toten auferweckt hat als genuin christlicher Redeweise Den Abschluss bilden Studien zu Der einzige
