Carl E. Van Horn, Herbert A. Schaffner

Affordable Remote Customer Service Jobs For Men:

Work in America Carl E. Van Horn, Herbert A. Schaffner, 2003-12-15 The first comprehensive analysis of work and the workforce in the United States from the Industrial Revolution to the era of globalization This comprehensive two volume reference book is the first to analyze the central role of work and the workforce in U S life from the Industrial Revolution through today s information economy Drawing on a variety of disciplines economics public policy law human and civil rights cultural studies and organizational psychology its 256 entries examine key events concepts institutions and individuals in labor history Entries also tackle tough contemporary questions that reflect the conflicts inherent in capitalism What is the impact of work on families and communities On minority and immigrant populations How shall we respond to changing work roles and the growing influence of the transnational corporation Work in America describes and evaluates attempts to address social and class issues affirmative action occupational health and safety corporate management science and trade unionism and organized labor and offers the kind of comprehensive understanding needed to discover workable solutions

The Man Who Broke Capitalism David Gelles, 2022-05-31 New York Times Bestseller New York Times reporter and Corner Office columnist David Gelles reveals legendary GE CEO Jack Welch to be the root of all that s wrong with capitalism today and offers advice on how we might right those wrongs In 1981 Jack Welch took over General Electric and quickly rose to fame as the first celebrity CEO He golfed with presidents mingled with movie stars and was idolized for growing GE into the most valuable company in the world But Welch s achievements didn t stem from some greater intelligence or business prowess Rather they were the result of a sustained effort to push GE s stock price ever higher often at the expense of workers consumers and innovation In this captivating revelatory book David Gelles argues that Welch single handedly ushered in a new cutthroat era of American capitalism that continues to this day Gelles chronicles Welch s campaign to vaporize hundreds of thousands of jobs in a bid to boost profits eviscerating the country s manufacturing base and destabilizing the middle class Welch s obsession with downsizing he eliminated 10% of employees every year fundamentally altered GE and inspired generations of imitators who have employed his strategies at other companies around the globe In his day Welch was corporate America s leading proponent of mergers and acquisitions using deals to gobble up competitors and giving rise to an economy that is more concentrated and less dynamic And Welch pioneered the dark arts of financialization transforming GE from an admired industrial manufacturer into what was effectively an unregulated bank The finance business was hugely profitable in the short term and helped Welch keep GE s stock price ticking up But ultimately financialization undermined GE and dozens of other Fortune 500 companies Gelles shows how Welch s celebrated emphasis on increasing shareholder value by any means necessary layoffs outsourcing offshoring acquisitions and buybacks to name but a few tactics became the norm in American business generally He demonstrates how that approach has led to the greatest socioeconomic inequality since the Great Depression and harmed many of the very companies that have embraced it

And he shows how a generation of Welch acolytes radically transformed companies like Boeing Home Depot Kraft Heinz and more Finally Gelles chronicles the change that is now afoot in corporate America highlighting companies and leaders who have abandoned Welchism and are proving that it is still possible to excel in the business world without destroying livelihoods gutting communities and spurning regulation *Work in America [2 Volumes]* Carl E. Van Horn, Herbert A. Schaffner, 2003 The first comprehensive analysis of work and the workforce in the United States from the Industrial Revolution to the era of globalization This comprehensive two volume reference book is the first to analyze the central role of work and the workforce in U S life from the Industrial Revolution through today s information economy Drawing on a variety of disciplines economics public policy law human and civil rights cultural studies and organizational psychology its 256 entries examine key events concepts institutions and individuals in labor history Entries also tackle tough contemporary questions that reflect the conflicts inherent in capitalism What is the impact of work on families and communities On minority and immigrant populations How shall we respond to changing work roles and the growing influence of the transnational corporation Work in America describes and evaluates attempts to address social and class issues affirmative action occupational health and safety corporate management science and trade unionism and organized labor and offers the kind of comprehensive understanding needed to discover workable solutions 256 A Z entries on topics ranging from Amazon com to income gaps and wages An impressive array of expert contributors representing labor history labor economics labor law welfare and social policy human resource management women s history media studies political science workforce development and employment policy Extensive historiography of U S labor and industrial relations End of entry bibliographies of references for further research **Electrical Installation Record** ,1927 Cheap Steam ,1949

Poverty and the Path to Power Conrad Riker, 101-01-01 Are you tired of feeling powerless in a world that seems stacked against you Do you wonder how to break free from the cycle of poverty while staying true to your spiritual and masculine values What if the key to your liberation lies in embracing your God given role as a leader and protector Inside this book Discover the historical roots of poverty and how to overcome them Learn how to leverage your masculinity to lead your family and community out of despair Understand the spiritual dimension of poverty and how it can strengthen your faith Challenge societal myths that keep you trapped in a victim mentality Gain practical skills and financial literacy to secure your future Explore the role of women in the economic sphere without compromising traditional values Break the psychological chains of poverty and build resilience through hardship Reject dependency culture and embrace self reliance for lasting freedom If you want to reclaim your power lead with purpose and create a legacy of strength and prosperity then buy this book today Your journey to spiritual and economic liberation starts here Remote Work, Internal Marketing and Human Resource Management Teena Mishra, 2024-12-02 Remote working is a developing idea that many organizations are embracing especially in light of COVID 19 and the rise in demand for remote and hybrid roles As there is no standard model

to use for implementation a number of problems and difficulties develop as popularity increases and hybrid working environments become normalized This book presents the views opinions and reality of remote work and creating an appropriate internal marketing culture in a remote environment The key topics explored are the significance of remote work remote work practice reshaping the work environment designing remote work models of remote work challenges of remote work facing business organizations remote work management innovations and technology the role of motivation and satisfaction in organizational development employee empowerment in a remote setting transparency and commitment for sustainable development and the future of remote work This research volume will be of value to researchers academicians practitioners and students in the fields of human resource management organizational studies and innovation management
