4-Gen Leadership Mark White, Sami Scarpitti, 2024-12-06
4 Gen Leadership: Thriving in a Multi-Generational Workplace is a practical guide for those aspiring to be multi-generational leaders in today's evolving business landscape. 4 gen leadership is the philosophy and actions leaders can take to help all generations—baby boomers, Gen X, millennials, and Gen Z—be accepted, honored, and united into one effective, harmonious team. The authors have created a resource that leaders across every industry at all levels of leadership will find useful. This book helps established and emerging leaders understand the generations in their workforce and how to bridge the new generation gaps in their organizations. Each chapter contains reflective questions to help the readers apply the book's concepts to their work environment, a section titled "Voices from the Generations" which shares insightful views from one of the many successful leaders interviewed for the project, a "Real World Connection" segment which is a scenario in which the readers see how a hypothetical problem might be solved by using a multi-gen leadership lens, and finally, an activity worksheet that points readers toward the next steps they can take to strengthen their multi-gen leadership skills and the culture.

Ambition Redefined Kathryn Sollmann, 2018-10-09
This is the playbook for how to get flexibility in your career. Molly Beck, author of Reach Out and founder of MessyBun.com, offers critical advice for women when the traditional office job doesn't fit family life. Meredith Bodgas, Editor in Chief of Working Mother magazine, says Sollmann advocates that we lean in to what she aptly labels one's own personal measure of success rather than a monolithic vision of the ideal career. Whitney Johnson, critically acclaimed author of Build an A Team and Disrupt Yourself, says Thinkers50 Management Thinkers' Ambition Redefined is a timely alternative to current women's business books that define professional ambition and success as climbing the corporate ladder. In fact, this is not a path that all women want or should feel pressured to follow. Sollmann's focus is on the more critical and widespread workplace issue for everyday women: to always work in a way that fits their lives alongside their two major caregiving roles for children and aging parents. Sollmann debunks common assumptions such as "IT'S NOT WORTH IT UNLESS THE SALARY

IS HIGH Women forfeit up to 4X their salaries every year out of the workforce to care for children and or elderly parents and it does not take a six figure salary to achieve long term financial security FINDING FLEXIBLE WORK IS IMPOSSIBLE Sollmann shines a bright light on the ever widening world of flexwork where women can find many interesting and exciting ways to tuck all generations of their families into a future that is financially secure and safe The book includes realistic practical tools for preparing for and finding flexible work within a current job or a new opportunity IT WON T HAPPEN TO ME Divorce death of a spouse or unexpected financial support for aging parents are some of the life you never knows that all women could experience Divorce death of a spouse caring for aging parents or adult children are some of the life you never knows that all women could experience Sollmann encourages women to anticipate and buffer life surprises and she shows the profound impact of continual earning saving and investing toward a long and comfortable retirement WORK ENDS AT AGE 65 Women who leave the workforce and want to return in their forties fifties or sixties will be in good company as the ranks of older workers rise Over the next two decades adults age 50 and over will have greater rates of workforce participation into their sixth and seventh decades Eye opening and practical the book shows that when we redefine ambition we acknowledge that challenging lucrative work can be found in many flexible ways that favor personal satisfaction over public applause
