Salajan,tavis d. jules,2024-07-12 This Pivot book looks at the ways in which disruptive technologies datafication and Artificial Intelligence AI are shaping Comparative and International CIE Education and leading to its platformization CIE entails the study of foreign educational systems in comparative perspective to discern what can be learned from approaches in various educational contexts and how these approaches might be applicable to other educational systems The advent of advanced technologies particularly AI has been a game changer for research teaching and learning methods It is within this context and at the intersection of deglobalization and the retreat towards regionalization and the rise of the fourth industrial revolution that blends the biological physical and cyber physical together that this project seeks to describe the benefits and consequences of datafication and AI for the field of CIE Minnesota Journal of Education ,1958 Revolutionizing English Education

Clarice M. Moran,2024-04-30 Artificial Intelligence or AI has seemingly burst into public consciousness with sudden vigor Previously relinquished to computer science journals it erupted as the unrelenting topic of public media with most of the furor surrounding chatbots like ChatGPT Although many educators began worrying about the implications of AI in student learning and creative activity this book will demonstrate that AI can be harnessed as a source of inspiration and meaningful instruction With an emphasis on useful classroom strategies as well as a consideration of the ethics of AI this book seeks to start a conversation in this nascent area of research and practice The primary focus is on the use of AI in the secondary English classroom but educators in other disciplines will find plenty of ideas and information
