Any Body Can Derive Everything from Geometry of Dimensions Sridattadev Kancharla, 2018-05-02 Dear Anybody Who am I I am anybody and I am in this universe as much as it is in I What is I I is a sphere full of absolute consciousness SOUL the source of universal light is what really minds our existence and it is not mind over matter It is only mind that matters This books purpose is to illustrate the truth about singularity of soul consciousness using fundamental geometry of dimensions GOD The universe is a multidimensional sphere and we humans are capable of interpreting it as four dimensional dual torus inside a three sphere which consists of Riemann two sphere as soul The soul is the simplest of the complex manifolds within the three sphere Mind and body constitute the remaining complexity Soul consciousness is the ethereal fifth element that creates sustains and dissolves us all in to itself in a toroidal flow A great scientist once thought about what it would be like to travel at the speed of light and came up with the theory of relativity Now its our turn to wonder what it would be like to be the space time itself and experience the singularity of I and realize the absolute divine view theory of everything Wisdom is more important than imagination which is more important than knowledge for all that we know is just an imagination chosen wisely Zero I Infinity I think therefore we are Love SriDattaDev

Revolutionizing English Education Clarice M. Moran, 2024-04-30 Artificial Intelligence or AI has seemingly burst into public consciousness with sudden vigor Previously relinquished to computer science journals it erupted as the unrelenting topic of public media

with most of the furor surrounding chatbots like ChatGPT. Although many educators began worrying about the implications of AI in student learning and creative activity, this book will demonstrate that AI can be harnessed as a source of inspiration and meaningful instruction. With an emphasis on useful classroom strategies as well as a consideration of the ethics of AI, this book seeks to start a conversation in this nascent area of research and practice. The primary focus is on the use of AI in the secondary English classroom, but educators in other disciplines will find plenty of ideas and information. Physics Briefs
