How To Get Into Ai Note Taking App For Teachers:

Surveillance Education Nolan Higdon, Allison Butler, 2024-08-02 *Surveillance Education* explores the pervasive use of digital surveillance technologies in schools and assesses its pernicious effects on students Recognizing that the use of digital technologies will persist the authors instead offer practical ways to ameliorate their impact In our era of surveillance capitalism digital media technologies are ever more intertwined into the educational process Schools are presented with digital technologies as tools of convenience for gathering and grading student work as tools of support to foster a more equitable learning environment and as tools of safety for predicting or preventing violence or monitoring mental emotional and physical health Despite a dearth of evidence to confirm their effectiveness digital data collection and tracking is often presented as a way to improve educational outcomes and safety This book challenges these fallacious assumptions and argues that the use of digital media technologies has caused great harm to students by subjecting them to oppressive levels of surveillance impinging upon their right to privacy and harvesting their personal data on behalf of Big Tech In doing so the authors draw upon interviews from K 12 and higher education students teachers and staff civil rights and technology lawyers and educational technological programmers The authors also provide practical guidance for teachers administrators students and their families seeking to identify and combat surveillance in education This urgent eye opening book will be of interest to students and educators with interests in critical media literacy and pedagogy and the sociology of technology and education

Virtual Reality, Augmented Reality and Artificial Intelligence in Special Education Ange Anderson, 2019-03-20 New technologies and ongoing developments in the fields of Virtual reality augmented reality and artificial intelligence are changing the ways in which we facilitate learning Recognising the positive role these technologies can play in the learning and progress of students assessed as having special educational needs this practical guide explains the characteristics benefits risks and potential applications of new technologies in the classroom An innovative and timely resource Virtual Reality Augmented Reality and Artificial Intelligence in Special Education offers a background in the evidence based theory and practice of using new technologies in an educational context Accessible and free of complex jargon chapters provide information on the development intended uses and most current terminology used in relation to technologies and explains how modern equipment approaches and possibilities can be used to promote improved communication skills independent learning and heightened self esteem amongst students diagnosed with SEND Offering a wealth of practical tips downloadable resources and ideas for engaging with technology in the classroom the text will support teachers to ensure that students can benefit from exciting technological advances and learn to use them appropriately Demystifying a complex and varied field this practical resource will inspire and inform teachers SENCOs and practitioners working with children and students with SEND as they harness the use of technology in the classroom Critical AI in K-12 Classrooms Stephanie Smith Budhai, Marie K. Heath, 2025-09-08 A practical guide for teachers and students navigating the complicated intersection of

artificial intelligence education and justice Artificial intelligence is rapidly integrating into today s classrooms but unlike other new technologies AI has the potential to harm making it difficult to take advantage of its benefits In Critical AI in K 12 Classrooms Stephanie Smith Budhai and Marie K Heath draw attention to the biases embedded within AI algorithms such as those powering OpenAI s ChatGPT and DALL E to guide students and teachers in developing strategies to best incorporate AI or not into equitable learning AI s reliance on existing data and knowledge systems means Black queer those with disabilities and other marginalized students are at greater risk of being harmed by built in limitations and bias Budhai and Heath show how to circumvent if not actively resist such harms as machine learning NLPs LLMS and GenAI enter the classroom with practical examples rooted in culturally sustaining abolitionist and fugitive pedagogies across disciplines Their practical guide creatively answers the concerns of educators committed to forward thinking yet fair instruction and the needs of students eager to use AI for just ends Critical AI in K 12 Classrooms meets the challenges of a key STEM technology with an eye toward cultivating a more just world Balancing responsible learning with the joy of discovery Budhai and Heath build a framework for AI instruction that all educators can confidently use *Reaching Every Learner* Cara Shores,2025-06-16

Author Cara Shores provides a three tiered instructional framework that helps educators establish integral baselines of performance for students offering strategies for assessment intervention and remediation to ensure student growth This book guides educators with step by step tools and methods for differentiated instruction and lesson planning addressing the diverse learning needs of all students K 12 special education and general education teachers and instructional coaches can use this book to Increase students learning progression through instruction intervention and remediation Explore research proven models and methods of instruction that promote standards mastery for students with disabilities Better assess and collect data on students learning to measure progress Incorporate standards mastery into individualized education program goals Implement highly effective instruction in all settings to maximize learning for students with disabilities Contents Introduction Chapter 1 Understanding the Tiered Instructional Framework Chapter 2 Exploring Tier 1 Instruction Specially Designed for Students With Disabilities Chapter 3 Discovering Why We Always Begin With Data Chapter 4 Focusing on Instruction Through Essential Standards and Learning Progressions Chapter 5 Choosing and Providing Appropriate Supports Chapter 6 Co Teaching for Greatest Impact Chapter 7 Differentiating Instruction Through Tiered Assignments Chapter 8 Looking at the Structure for Tiers 2 and 3 for Students With Disabilities Epilogue References and Resources Index
