*Introduction to Podcast Technology* David Power, 2016-08-28 What Podcasting Gurus Don't Tell You But you absolutely must know before starting a podcast One podcasting authority suggests Technology isn't important Another sums up the entire podcast creation process in a four minute video A third insists you can podcast without money gear or experience None of them take the time to explain what the buttons dials and lights all mean they leave you to figure out the techie stuff on your own *Introduction to Podcast Technology* is different It acknowledges that technology is not the most important aspect of podcasting But instead of trying to convince you everything is easy the book guides you through each stage of the podcast creation process in detail and offers precise step by step instructions on the essential tools and techniques you need to record produce and launch a podcast Here are just a few of the topics covered in *Introduction to Podcast Technology* How

to tell the difference between a good recording room and a bad one and how to avoid wasting time and money when improving a bad room Learn the two main types of microphones and why only one of them is appropriate for most podcasters Discover the difference between an audio interface and an audio recorder and which to choose if you can only afford one or the other Discover the one recording accessory that can make the biggest improvement in the quality of your recordings You ll be surprised how inexpensive this one is How to configure free software used by a lot of podcasting pros to convert master recordings to MP3 format Learn what to look for and look out for when choosing a media host Discover the most effective method to get your show listed in the iTunes podcast directory Book owners also receive FREE enrollment in a 15 day companion video course Look over the author s shoulder as he breaks down complex podcasting topics including equalization compression MP3 encoding navigating a media host s dashboard and much more Whether you re an aspiring podcaster who s intimidated or overwhelmed by technology or an experienced professional looking for new production techniques Introduction to Podcast Technology offers exactly what you need Don t let technology stand in the way of sharing your knowledge passion and voice with the world Click the Buy now button and start reading Introduction to Podcast Technology today [Podcasting Made Simple](#) Daniel Larson,2020-09-28 If you re looking for a step by step walkthrough on how to start a podcast right from the ground with no previous experience then keep reading The medium of podcasting and the personal nature of it the relationship you build with your listeners and the relationship they have with you they could be just sitting there chuckling and listening there s nothing like that Marc Maron Podcasting is the expressional medium with therapeutic value we ve been missing in our lives for decades Luckily popularity has been growing exponentially over the last few years did you know the number of Americans who are weekly podcast listeners over the last 7 years has tripled Let alone a 24% increase in the UK from 2018 2019 Although there s never been a better time to get into podcasting with all the contradicting and often false information scattered all over the internet it s no wonder why so many people often struggle to find a starting point when there s so many conflicting views on what the best quality equipment is what launch strategy should be used and even editing In fact it can even create the illusion that starting a podcast is a daunting and time consuming process You might be reluctant to commit to something you lack both knowledge and experience in or you re worried that when you do make that leap there ll be no one on the other side listening Maybe you re skeptical of whether you ll be able to get guests on as a newbie with no name to yourself In Podcasting Made Simple you will discover The X factor that leaves listeners craving their next fix of your content The secret to creating an immersive parasocial relationship with your audience Why trying to monetize incorrectly can actually ruin your chances of turning your hobby to an income Why many podcasters advertisement and promotion actually repels potential listeners How to create a loveable personal brand through emotional familiarity The simple straight forward guide to recording and editing equipment recommendations included 5 simple tricks to make postproduction a breeze How to choose and execute the launch strategy that s right for you

Why over half of podcasts are given up on by 6 months down the line How to format the perfect email that will get sponsors running your way even if you have a low listenership Unique ways to start attracting guests and become an authoritative figure The pre guest ritual that guarantees a free flowing interview The single most important voice technique that you can use to differentiate your show from competitors This digestible guide is made for people who have no experience so yes this will work for you even if you ve never spoken into a microphone Even if you re not a technology guru and have no presence on social media Even if you have an extremely busy schedule and a low budget Even if you think your content ideas are absolutely absurd and no one will listen Even if there are thousands of podcasts similar to yours already published and you have no marketing experience If you re ready to start your podcasting journey then scroll up and click the Add to Cart button now

*Expert Podcasting Practices for Dummies* Tee Morris,Evo Terra,Ryan C. Williams,2008 A guide to audio and video podcasting covers such topics as developing a podcast podcasting equipment and tools recording a podcast encoding software the video and audio editing process getting listed in podcast directories the podcast community and making money with podcasting
