emotionally intelligent introverted and highly sensitive people find it difficult in everyday working life and in conflicts to assert their opinion and become visible. However, this is indispensable for professional success because only those who show themselves perform well but also know how to use the power of rhetoric for themselves are also noticed by bosses and customers and can shine. Therefore, they should definitely strengthen their self-love and self-confidence, both are indispensable for success. However, empathists in particular often confuse self-care, which is so important, i.e. taking care of one's own well-being with egoism. In the end, if you can love and accept yourself, you can shine and succeed in front of others. This book shows how that works. Good luck and have fun reading. Knowledge that makes a difference.
