How to Enhance Learning Efficiency When Online Learning is Popular and Indispensable: Theory, Research and Practice Rong Lian,Chang Liu ,Juzhe Xi,2024-07-17 Online learning has become more and more common globally whether for comfort adapting to work hours or just having the freedom to study from anywhere And now under the coronavirus pandemic as people are having to stay at home it has become more important than ever Although the popularity of wireless network and portable smart device makes it possible for people to acquire and learn knowledge anytime and anywhere it does not necessarily mean an increased learning performance Relevant research in cognitive science has revealed possible limitations in online learning For example the knowledge acquired through online learning tends to be fragmented and lacks guidance for integrated thinking among different subjects which makes it difficult for learners to form a systematic knowledge structure Learners may experience cognitive overload metacognitive illusion and low learning efficiency in self regulated learning It follows that in the post COVID 19 era online learning puts forward new requirements and challenges to the contemporary students not only to their learning strategies but positive character traits in learning Most of the current

learning theories were developed in the early 20th century and may not fit in well with the current situation then possibly leading to inefficient learning and increased learning burden Therefore it is necessary and important to reexplore the influencing factors and mechanisms that affect the learning efficiency of students at all levels nowadays based on which we could construct a theoretical model of efficient learning model

Making Writing Meaningful

Michele Eodice, Anne Ellen Geller, Neal Lerner, 2025-04-22 It seems obvious students will have more meaningful writing experiences if we offer more opportunities for their writing to be meaningful for them But what does that mean What makes writing meaningful for students What really makes students want to write The authors of this practical little book asked precisely that and the answers they gathered from students across disciplines majors and institutions over several years inform their advice in Making Writing Meaningful A Guide for Higher Education The critical lessons that Michele Eodice Anne Ellen Geller and Neal Lerner took from their survey research as well as from their own classrooms and workshops are these Students want their writing to be consequential to build on connections with their lives their world and their futures and to foster an inclusive learning experience The authors delved further into these findings by asking what role identities whether racial ethnic or cultural played in students approach to writing and by exploring what students found meaningful in writing during experiences such as disruption dislocation and loss personal economic and health challenges and political racial and societal conflict The resulting guide pairs a wealth of new data with pedagogical strategies and reflective exercises to help instructors of all kinds connect more effectively with their students and to help students connect their lives and their writing in meaningful and productive ways Meaningful writing makes for a richer more successful learning experience and

this book invites students and teachers alike to take advantage of the guidance offered here to foster connections that will serve students and the world well beyond academia
