Supremacy Parmy Olson, 2024-09-10 WINNER OF THE THE FINANCIAL TIMES AND SCHRODERS 2024 BUSINESS BOOK OF THE YEAR AWARD In November of 2022 a webpage was posted online with a simple text box It was an AI chatbot called ChatGPT and was unlike any app people had used before It was more human than a customer service agent more convenient than a Google search Behind the scenes battles for control and prestige between the world's two leading AI firms OpenAI and DeepMind who now steers Google's AI efforts has remained elusive until now In Supremacy Olson tech writer at Bloomberg tells the astonishing story of the battle between these two AI firms their struggles to use their tech for good and the hazardous direction they could go as they serve two tech Goliaths whose power is unprecedented in history The story focuses on the continuing rivalry of two key CEOs at the center of it all who cultivated a religion around their mission to build god like super intelligent machines Sam Altman CEO of OpenAI and Demis Hassabis the CEO of DeepMind Supremacy sharply alerts readers to the real threat of artificial intelligence that its top creators are ignoring the profit driven spread of flawed and biased technology into industries education media and more With exclusive access to a network of high ranking sources Parmy Olson uses her 13 years of experience covering technology to bring to light the exploitation of the greatest invention in human history and how it will impact us all

Practices of Digital Humanities in India Maya Dodd, Nirmala Menon, 2024-09-06 This book represents examples of innovations in digital humanities DH efforts across India while theorizing disparate challenges and its negotiations It examines DH projects that have spanned private and public efforts institutionally sanctioned lab work and crowd sourced programmes of public significance and shows how collectively they

demonstrate the potential paths of DH in India The essays in the volume highlight the two fundamental challenges for DH acts of curation of new scales and the creation of platforms that can assist in the collation and analysis of these digital archives and changes in learning behaviour They examine the transformation of the university and the opening up of new relationships between knowledge and audience in concomitant spaces of scholarship such as libraries archives and museums The volume brings to the fore citizen efforts to document record and preserve as well as create new avenues of study and forge networks of scholarship that look very different from those of traditional academia It also foregrounds the challenges of location and addresses the questions of how DH should be taught in India and how to build digital infrastructures A go to guide for DH efforts in India this book will be an essential text for courses on digital humanities library and information sciences and the future of experiential learning

Generative AI Business Applications David E. Sweenor, Yves Mulkers, 2024-01-31 Within the past year generative AI has broken barriers and transformed how we think about what computers are truly capable of But with the marketing hype and generative AI washing of content it s increasingly difficult for business leaders and practitioners to go beyond the art of the possible and answer that critical question how is generative AI actually being used in organizations With over 70 real world case studies and applications across 12 different industries and 11 departments *Generative AI Business Applications An Executive Guide with Real Life Examples and Case Studies* fills a critical knowledge gap for business leaders and practitioners by providing examples of generative AI in action Diving into the case studies this TinyTechGuide discusses AI risks implementation considerations generative AI operations AI ethics and trustworthy AI The world is transforming before our very eyes Don t get left behind while understanding the powers and perils of generative AI Full of use cases and real world applications this book is designed for business leaders tech professionals and IT teams We provide practical jargon free explanations of generative AI s transformative power Gain a competitive edge in today s marketplace with *Generative AI Business Applications An Executive Guide with Real Life Examples and Case Studies* Remember it s not the tech that s tiny just the book

Programming Literature Rebecca Roach, 2025-12-18 This is a book about the messy archival worlds of literature and computing and the myriad of relations that have existed between the two Before J M Coetzee was a writer of Nobel Prize winning novels the South African was a programmer for one of the most significant Cold War supercomputer projects in Britain Experimental British writer Christine Brooke Rose worked at Bletchley Park with Alan Turing When not opining about modernism Canadian literary critic Hugh Kenner was a devoted computer hobbyist Literary scholars have often not known what to make of these other careers intimidating irrelevant outside of the scope of literary studies surely When they do make links it is often via the frame of formal logic that has dominated discussions of both computer history and literary modernism This book starts from a different assumption that far from irrelevant these material experiences were significant in the development of the literary projects of writers including Coetzee Brooke Rose Kenner William Gaddis and Kamau Brathwaite It contends that it is in the

practice and the archive rather than on the plane of abstraction that we can best see this influence Addressing literary scholars media and computer historians and digital theorists alike *Programming Literature* productively reframes contemporary debates around artificial intelligence the value of the humanities and tech culture by emphasizing just how material these worlds have always been

Person, Thing, Robot David J. Gunkel, 2023-09-05 Why robots defy our existing moral and legal categories and how to revolutionize the way we think about them Robots are a curious sort of thing On the one hand they are technological artifacts and thus things On the other hand they seem to have social presence because they talk and interact with us and simulate the capabilities commonly associated with personhood In *Person Thing Robot* David J Gunkel sets out to answer the vexing question What exactly is a robot Rather than try to fit robots into the existing categories by way of arguing for either their reification or personification however Gunkel argues for a revolutionary reformulation of the entire system developing a new moral and legal ontology for the twenty first century and beyond In this book Gunkel investigates how and why efforts to use existing categories to classify robots fail argues that robot designates an irreducible anomaly in the existing ontology and formulates an alternative that restructures the ontological order in both moral philosophy and law *Person Thing Robot* not only addresses the issues that are relevant to students teachers and researchers working in the fields of moral philosophy philosophy of technology science and technology studies STS and AI robot law and policy but it also speaks to controversies that are important to AI researchers robotics engineers and computer scientists concerned with the social consequences of their work

The Top Books of the Year Simple Ai Podcast Editor Ideas For College Students The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read :

Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail.

Simple Ai Podcast Editor Ideas For College Students : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery.

Simple Ai Podcast Editor Ideas For College Students : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered.

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts.

The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
