industrial powers For this motive gifted with wide unforeseen and timeless capacities the unknown is been decoded in
exchange for rising ancient dilemmas long lost quests and titanic agents which clearly intents to dethrone historical
charlatanism with a kind of post modern equivalency Through centuries of proven controversial or even speculative historical
events this book represents a timeless voyage in search of the so required antidote for Internet Societies and Reality Leaving
to the reader the option of discerning what can hypothetically resemble any realistic experience or what should be tolerated
as fruit of incredulous imagination this book is introduced as a truly distinct approach which on a quest format based on a
pertinent logical projection inspired on the presented web allow us to see the end of the Internet that we have all loved but
also how we can try to save it away from blindfolded systematizations and fanatic capitalism With incredible coincidences in
relation to the new realities that have been presented to our sane collective mentality upon the emergence of Internet I ve
carefully assembled several known historical facts plus many more other pertinent visions that might lie on our creative
minds to provide a proper image in relation to the unknown challenges which we have all been confronting since the
inception of Internet In an overall approach this book also reveals a very thrilling fictional not proven and imaginary story
crafted with the main objective of inspiring the ideal logical functioning for the Internet as based on the worldwide
implementation of a carefully architected plan The Purpose After all modern technology should not be the same as what is
