To do this, content creation and marketing is a key element. Chapter 2 explains places to build a brand online with a small budget. Chapter 3 discusses the tools YouTube provides through its video streaming and SEO platform. Chapter 4 shows the various options Facebook outlays with respect to its vast audience, the large community, and its advertising campaigns, managers, and offers. Chapter 5, LinkedIn, is placed in view for discourse as to how this platform spreads news of one's brand to others in the same field or industry. Chapter 6 looks to express the innumerable possibilities that exist in Twitter, the fastest-growing social media platform with one of the most active online communities. Chapter 7 and 8 fully spread out the usefulness of a website in the creation of a personal brand and how the existence and consistency of a blog sets the brand to have a significance in the vast ocean of content called the internet.
