Welcome to the Future Kathryn Hulick, 2021-10-26 Have you ever wondered what the future may look like In this book you ll explore 10 ways technology could alter our way of life The challenge for you is to decide which changes you want for yourself and the world In the future will we teleport from place to place keep dinosaurs as pets or 3D print our dinner Will we live on Mars or upload our brains to computers Could we solve climate change by making all our energy from mini stars we build here on earth This fascinating and thought provoking book from science writer Kathryn Hulick explores the possible futures humanity will face and how we will live as the world around us changes beyond our recognition From genetic engineering and building floating colonies in space to developing telepathic technology and bionic body alterations this engagingly illustrated book looks into the possible future technologies which will shape how we live and how we adapt to the challenges of the future In this book you ll meet the scientists working to bring science fiction to life and learn how soon we might have amazing new technology You ll also delve deep into questions about right and wrong Just because we can do something doesn t mean we should How can we build the best possible future for everyone on Earth

Handbook of Global Media Ethics Stephen J.A. Ward, 2021-09-02 This handbook is one of the first comprehensive research and teaching tools for the developing area of global media ethics The advent of new media that is global in reach and impact has created the need for a journalism ethics that is global in principles and aims For many scholars teachers and journalists the existing journalism ethics e g existing codes of ethics is too parochial and national It fails to provide adequate normative guidance for a media that is digital global and practiced by professional and citizen A global media ethics is being constructed to define what responsible public journalism means for a new global media era Currently scholars write texts and codes for global media teach global media ethics analyse how global issues should be covered and gather together at conferences round tables and meetings However the field lacks an authoritative handbook that presents the views of leading thinkers on the most important issues for global media ethics This handbook is a milestone in the field and a major contribution to media ethics
