**How to Start a Podcast Using AI** Benjamin Pollack, 2025-08-21. We are in a sweet spot. AI tools are polished enough to deliver professional results. The podcasting space is still wide open for new voices. Most people still don't realize how easy it's become to start. If you wait another two years, the market will be more crowded and your unique idea might already be taken by someone else. Starting a podcast in 2025 is like starting a YouTube channel in 2010: the wave is building but it hasn't fully crested yet. If you get in now, you can ride the momentum as AI reshapes the industry. This book gives you the roadmap, the tools and the prompts to launch your podcast with confidence. Inside you'll learn how to Plan your show and define your audience. Build your podcast brand with AI powered tools. Record and edit episodes quickly with professional results. Distribute your show across major platforms. Grow your audience and community. Monetize your content and create sustainable income. Avoid AI pitfalls while keeping your authentic voice. You don't need a studio or expensive equipment, just your voice, a laptop and the willingness to start. With the help of AI, you can cut your production time in half, create better content faster and focus on what matters most: connecting with your listeners. Whether you're an entrepreneur, educator, storyteller or simply someone with a passion to share, this guide will help you go from idea to published podcast in days instead of months. Your audience is already out there scrolling through Apple Podcasts or Spotify looking for someone like you. This book will help you make sure they find you. **The**

**Podcaster's Audio Handbook** Corey Marie Green, 2021 Podcasting is a powerful tool of communication and creative expression that doesn't need to be intimidating. This book brings together the creative and technical aspects of audio engineering to help podcasters communicate their ideas effectively and creatively. The Podcaster's Audio Handbook focuses on simple techniques that immediately elevate the audio quality of your podcast. The book provides an overview of podcast recording and editing techniques so that podcasters can avoid common pitfalls. Readers will also gain access to audio downloads to enhance the learning process. With this book, you can improve the technical aspects of recording and editing your podcasts. Anyone can learn audio techniques, and I encourage anyone to share their stories through podcasting. Unleash your creativity and connect with your audience. What You Will Learn: Choose the correct file formats and settings. Set up a portable recorder. Make informed decisions about equipment purchases. Find suitable acoustic spaces to record inside and outside. Conduct an interview over the phone and the internet. Make a high quality recording of an interview inside, outside, and remotely. Edit your podcast to an intermediate standard. Who This Book Is For: Perfect for a non-technical audience or beginner to intermediate podcaster looking to improve the audio quality of their podcast.

*Podcasting Made Simple* Daniel Larson, 2020-09-28 If you're looking for a step-by-step walkthrough on how to start a podcast right from the ground with no previous experience, then keep reading. The medium of podcasting and the personal nature of it, the relationship you build with your listeners, and the relationship they have with you, they could be just sitting there chuckling and listening. There's nothing like that. Marc Maron: Podcasting is the expressional medium with therapeutic value we've been missing in our lives for decades. Luckily, popularity has been growing exponentially over the last few years. Did you know the number of Americans who are weekly podcast listeners over the last 7 years has tripled? Let alone a 24% increase in the UK from 2018-2019. Although there's never been a better time to get into podcasting with all the contradicting and often false information scattered all over the internet, it's no wonder why so many people often struggle to find a starting point when there's so many conflicting views on what the best quality equipment is, what launch strategy should be used, and even editing. In fact, it can even create the illusion that starting a podcast is a daunting and time-consuming process. You might be reluctant to commit to something you lack both knowledge and experience in, or you're worried that when you do make that leap, there'll be no one on the other side listening. Maybe you're skeptical of whether you'll be able to get guests on as a newbie with no name to yourself. In *Podcasting Made Simple*, you will discover the X factor that leaves listeners craving their next fix of your content. The secret to creating an immersive parasocial relationship with your audience. Why trying to monetize incorrectly can actually ruin your chances of turning your hobby into an income. Why many podcasters' advertisement and promotion actually repels potential listeners. How to create a loveable personal brand through emotional familiarity. The simple, straight-forward guide to recording and editing. Equipment recommendations included. 5 simple tricks to make postproduction a breeze. How to choose and execute the launch strategy that's right for you. Why over half of podcasts are given up on by 6 months down the
