**Build a Website with ChatGPT** Paul McFedries, 2024-10-01. Create a portfolio of cool and creative websites all without having to write your own code. *Build a Website with ChatGPT* teaches you zero-coding web development utilizing powerful generative AI tools like ChatGPT. If you can open a web browser, you're ready to start building; absolutely no coding experience required. Inside *Build a Website with ChatGPT*, you'll learn the important skills of AI-assisted web programming, such as: Crafting effective prompts to generate HTML, CSS, and JavaScript. Converting text into images with DALL-E integration. Building navigation bars, image galleries, and contact forms. Deploying fully functional sites to the web for free. Customizing the generated code for unique sites. Inside *Build a Website with ChatGPT*, you'll learn the high-level coding concepts that let you check and perfect AI output, prompting skills that deliver the exact code you need, and how to properly deploy your site to the web for free. Annotated code samples and advice on code customization give you the perfect balance of understanding and convenience. Plus, you'll get access to a tried-and-tested repository of prompts and working code. About the technology: You can build amazing websites even if you don't know HTML, CSS, and JavaScript. Just describe what you want in plain English, and let ChatGPT take care of the gnarly details. This book guides you step-by-step as you create user-friendly forms, interesting graphics, and interactive web pages using nothing but AI and your imagination. About the book: *Build a Website with ChatGPT* shows you how to make websites in an AI-first world; no experience required. You'll start with the basics of generating pages with ChatGPT, and by the end of the second chapter, your first site will be up and running. Author Paul McFedries then shows you how to add interesting text and
