**Make \$5000/Month Online with AI** , 2025-11-18 This book will show you the art of getting more customers to spend more money faster leveraging AI in the online world If you want to build an automated YouTube channel with AI this book will help you If you want to create and sell online courses on Udemy Kobo with AI assistance this book will help you If you want to secure freelance work on Upwork Fiverr by leveraging AI this book will help you If you want to write and publish best selling ebooks on Amazon Google Play Books with AI this book will help you If you want to apply AI across all aspects of your life and business to achieve financial goals this book will help you I m not a happiness guru a fitness guru an investing guru or anything else But I can show you how to accelerate cash flow in an online business by orchestrating AI tools in other words get more customers to spend more money in less time over over again through YouTube Udemy Upwork Amazon Kindle and more I know because it s all I ve done in my adult career I ve built automated AI business ecosystems earning thousands of dollars per month Today I teach how to build these AI systems in my AI Synergy Profit My side hustle I make content showing how we do it My joke life goal is to be the most jacked AI billionaire My real life goal is to die with nothing left to give A little more about the book if you want that An AI Money Model is a deliberate sequence of offers powered by artificial intelligence It s what you offer when you offer and how you offer it to make as much money as you can as fast as you can Ideally to make enough money from one customer to get and service at least two more customers in less than thirty days And it rarely looks clean but I break AI Money Models into three stages Stage I Get Cash AI Attraction Strategies get more customers for less through YouTube channel optimization automated social media content creation compelling ebook generation Stage II Get More Cash AI Upsell Downsell Strategies make more

money from them faster through engaging online course design optimized Upwork Fiverr service offerings Stage III Get The Most Cash AI Continuity Strategies maximize their total money spent through automated email marketing systems AI powered customer relationship management In real life it happens like this First I get customers reliably with AI from YouTube Amazon Udemy Then I make sure they pay for themselves reliably with AI from course sales or service delivery Then I make sure they pay for other customers reliably with AI through automated marketing Then I start maximizing each customer's long term value with AI optimization Then I spend as many advertising dollars as I can to print as much money as possible backed by AI analytics This is my cookbook for making money by leveraging AI synergy in the online world It took me over a decade to learn all these tactics It'll take you three hours Use responsibly Enjoy If you want to learn more and make more money for your online business then ADD TO CART use its contents and see for yourself Disclaimer This book is for educational purposes only and does not guarantee results Business outcomes vary based on many factors outside the author's control Nothing herein should be taken as legal financial or professional advice The author and publisher disclaim liability for any losses or decisions made from use of this material

**Busty B-Movie Beauties Pin Up** Eva Quim, These aren't photos They really really aren't These images are mostly AI generated and not only that there are no individual human beings involved in creating this content No copyrighted franchise characters or living artist prompts were invoked in their creation None of this content reproduces copyrighted photographs or illustrations no image search reveals a match for any of them because while I have used AI to assist in their creation there are no raw AI images in this book I begin with a customized Stable Diffusion model SDXL2 based a checkpoint merge of several models and my own artwork I generate a thousand images at a whack on my own computer using open source Stable Diffusion software Then the hardest part which is curation finding the good ones the one out of a hundred worth finishing Next comes the laborious Photoshop repainting and recoloring repainting oh so many hands compositing correcting anatomy through judicious liquefaction and obsessive noodling and a lot of adjustments small and large Puppet warp Background replacement In painting with Adobe's image generation to remove stupid AI crap repair eyes fingernails background elements I edit their expressions until the images come alive spending a lot of time on the eyes The raw AI images never work for me until I tweak them At some point this means the images may have become copyrightable derivative works if not this content may prove to be public domain only a court can decide decisions have gone either way On a case by case basis I don't care one way or the other I'm doing this work sharing it bashing together something unique I'm very unlikely to make my professional design rate on this stuff It's a labor of love so far anyway At any rate I hope you enjoy my pin ups
