Instagram Secrets Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being

transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book

Womenpreneurs in a Digital Environment Michelle Natalie Nuñez, 2019 Personal branding on social media is a growing and expanding field The present research works to uncover the processes and practices of womenpreneurs and the ways in which they utilize social media specifically Instagram to build and maintain their personal brands Grounded theory is used to underpin the research and provide a basis of which the study is conducted The review of literature provides the context necessary to support the methods of a content analysis and semi structured interviews There is a gap in research as it pertains to the conceptualization of personal branding practices on Instagram and the present study works to build a bridge to understanding these practices Online presentation of the self is an expanding body of research in academia and the present

5 Monetizing Your Brand

Turning your brand into a source of income is often the ultimate goal. The book explores various monetization strategies from affiliate marketing to creating your own products and services. You'll learn how to create multiple revenue streams and sustain your brand financially.

Example Solutions from the Book

Problem: Not knowing how to start building a personal brand.
Solution: The book's initial chapters focus on self-discovery exercises and help you identify your unique strengths and passions. These exercises guide you in creating a solid foundation for your brand by clearly defining what sets you apart from others.

Problem: Struggling to create engaging content consistently.
Solution: The book introduces the concept of content pillars—key themes that your content will revolve around. By establishing these pillars, you'll never run out of ideas and ensure your content remains relevant and engaging. The book also provides templates and tools for content planning, making consistency easier to achieve.

Problem: Overwhelmed by multiple social media platforms.
Solution: Instead of spreading yourself too thin, the book helps you identify which platforms best align with your brand and audience. You'll learn to create platform-specific strategies, maximizing your impact on each one without feeling overwhelmed.
