Simplicity more than just the pipe dream of a society dominated by technical revolutions, global networks and inundations of information. No other concept of late has enjoyed such widespread popularity and so accurately expressed the needs of our times. Just how are we to cope with the increasing degree of complexity in the reality we inhabit? How can we tap and utilize the potential of global communication in an efficient and responsible way? How can we develop systems, devices and programs that are responsive to our strengths and intuitive capabilities? The Ars Electronica 2006 catalog brings together the theoretical reflections of participating artists and elaborations on projects presented at the Ars Electronica Festival 2006, thus providing a dynamic overview of the entire range of facets and levels of significance of the festival theme: Simplicity, the art of complexity. Simplicity is not the opposite of complexity; it is its complementary key. Book jacket *The Rough Guide* ,2008
