Teaching AI in Film and Media Studies Bridget Kies, Mel Stanfill, 2025-11-25 A timely intervention into the role of AI in teaching film and media studies this book offers insights into how scholars and educators can adapt their approaches in the face of emerging technologies Exploring the intersection of generative AI with film and media studies this book highlights the importance of addressing AI in the classroom It advocates for teaching AI literacy as an extension of

media literacy encouraging students to understand AI's biases and limitations. It explores the impact of AI on a variety of widely taught topics including copyright and remix culture, the concept of authorship and collaborative storytelling, film and media production, its potential in relation to speculative history and archival research, labor concerns in the media industries as well as impacts on fans and audiences. The book considers how AI can foster creativity and critical thinking in students as they prepare for future roles in evolving media industries. Each chapter features suggested readings, activities, and assignments that can be implemented in and out of class to reinforce and cultivate AI literacy and proficiency. This book is an essential resource for faculty members in Film and Media Studies who want to know more about how to engage with generative AI tools in their teaching as well as graduate students taking pedagogy-focused courses.

AI Mastery: Earn \$5000/Month Online, 2025-11-18. This book will show you the art of getting more customers to spend more money faster leveraging AI in the online world. If you want to build an automated YouTube channel with AI, this book will help you. If you want to create and sell online courses on Udemy, Kobo, with AI assistance, this book will help you. If you want to secure freelance work on Upwork, Fiverr, by leveraging AI, this book will help you. If you want to write and publish best-selling ebooks on Amazon, Google Play Books, with AI, this book will help you. If you want to apply AI across all aspects of your life and business to achieve financial goals, this book will help you. I'm not a happiness guru, a fitness guru, an investing guru, or anything else. But I can show you how to accelerate cash flow in an online business by orchestrating AI tools. In other words, get more customers to spend more money in less time over over again through YouTube, Udemy, Upwork, Amazon, Kindle, and more. I know because it's all I've done in my adult career. I've built automated AI business ecosystems earning thousands of dollars per month. Today I teach how to build these AI systems in my AI Synergy Profit. My side hustle, I make content showing how we do it. My joke life goal is to be the most jacked AI billionaire. My real life goal is to die with nothing left to give. A little more about the book if you want that. An AI Money Model is a deliberate sequence of offers powered by artificial intelligence. It's what you offer when you offer and how you offer it to make as much money as you can as fast as you can. Ideally, to make enough money from one customer to get and service at least two more customers in less than thirty days. And it rarely looks clean, but I break AI Money Models into three stages. Stage I: Get Cash. AI Attraction Strategies get more customers for less through YouTube channel optimization, automated social media content creation, compelling ebook generation. Stage II: Get More Cash. AI Upsell/Downsell Strategies make more money from them faster through engaging online course design, optimized Upwork/Fiverr service offerings. Stage III: Get The Most Cash. AI Continuity Strategies maximize their total money spent through automated email marketing systems, AI-powered customer relationship management. In real life, it happens like this. First, I get customers reliably with AI from YouTube, Amazon, Udemy. Then I make sure they pay for themselves reliably with AI from course sales or service delivery. Then I make sure they pay for other customers reliably with AI through automated marketing. Then I start maximizing each customer's long-term value with AI optimization. Then I spend as many

advertising dollars as I can to print as much money as possible backed by AI analytics This is my cookbook for making money by leveraging AI synergy in the online world It took me over a decade to learn all these tactics It ll take you three hours Use responsibly Enjoy If you want to learn more and make more money for your online business then ADD TO CART use its contents and see for yourself Disclaimer This book is for educational purposes only and does not guarantee results Business outcomes vary based on many factors outside the author s control Nothing herein should be taken as legal financial or professional advice The author and publisher disclaim liability for any losses or decisions made from use of this material
