The dangers of social media. How cancel culture and shitstorms can affect companies and how to recover from it

Kira Mertens, 2022-05-31 Bachelor Thesis from the year 2020 in the subject Communications Public Relations Advertising Marketing Social Media grade 1 1 Westf lische Hochschule Gelsenkirchen Bocholt Recklinghausen language English abstract

The following Bachelor thesis is meant to analyze if and how cancel culture and shitstorms online especially on social media can affect companies and how affected companies can recover from the outcomes For avid social media users online shitstorms especially on the platform Twitter can frequently be witnessed It was therefore a very interesting topic to look further into to be able to understand what can trigger a shitstorm and what the consequences for companies could look like This thesis is also supposed to answer if or how a company can recover from a shitstorm if they were affected by one Furthermore it is meant to show what effective measurements could look like and if shitstorms could even be prevented in the first place and if yes how they could be prevented To achieve that the first step will be to take a closer look at what makes social media so important to businesses For that an insight on the most important social media apps and websites will be given After that the dangers of social media to companies will be analyzed The thesis will then continue by showing what makes shitstorms and cancel culture dangerous to a company To achieve that possible triggers of a shitstorm will be analyzed as well as what phases a shitstorm has and what possible outcomes could look like Furthermore a closer look will be taken at how consumers react to shitstorms by analyzing the results of a self made survey The survey was made to understand if and how consumers let shitstorms influence their buying decisions and if they would stop buying a certain product or brand if they were involved in a shitstorm Following that three companies Nestl Amazon and Nike which have already been at the center of a shitstorm will be analyzed as case studies To analyze the companies a closer look will be taken at the reasons for these shitstorms how each company was affected in terms of image and revenue and how they handled the situation Furthermore it will be explained if shitstorms could be prevented in the first place and how to

successfully manage and recover from a shitstorm when affected by one For this a best practice example will be given in chapter 6

Instagram Secrets Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your

brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [Influencer Marketing For Beginners](#) Adrian Peck,2020-10-13 The rise of social media has created alternative methods of advertising for companies Gone are the days where companies would reach their customers through newspapers or television commercials It is now more affordable to connect with customers through online channels such as social media platforms Companies have done an impressive job following their customers and establishing their brands within the same platforms that their customers enjoy However over the years there have been questions surrounding brand trust with many consumers challenging the authenticity of the message shared by brands There has been significant research compiled regarding customer sentiments on brand communication One of the main insights found was that customers trusted messages shared by their peers over messages shared by brands The assumption is that companies have an agenda to make profits but our peers seek to educate and empower us This key assumption is one of the driving forces which has led to the growth of influencer marketing Influencer marketing allows ordinary individuals to promote the services and products of companies to their specific target audience Companies pay to have an influencer with a large following on popular social media platforms to advertise their offerings on their behalf This business strategy has dramatically increased companies return on investment ROI and helped build brand integrity among customers This book will be a valuable resource to all those individuals who are interested in becoming social media influencers The reader will learn the ins and outs of social media marketing and some exclusive tactics and strategies on using social media platforms such as Facebook Instagram YouTube TikTok and Pinterest to develop and grow an audience Readers will also learn how to create authentic personal brands that will help attract companies provide them with a unique positioning in the market and monetize their social media accounts After reading this book readers will feel motivated to capitalize on this new movement toward influencer marketing and begin to operate their own marketing enterprises
